Nora Max 72270 Unisex Rain Boots Instruction Manual

INTRODUCTION

Thank you for choosing Nora Max 72270 Unisex Rain Boots. These boots are designed for durability and comfort in wet conditions, featuring a synthetic exterior and a rubber sole. This manual provides important information regarding the proper use, care, and maintenance of your new footwear to ensure optimal performance and longevity.

SETUP AND SIZING

Before first use, inspect the boots for any signs of damage. The Nora Max 72270 boots are designed for a

normal fit. It is recommended to consult the size guide to ensure the correct size for your foot length and width, especially if you plan to wear thick socks.

Sizing Chart

Nora Max 72270 Size Guide (EU)

Brand Size	Foot Length (cm)	EU Size
35	22	35
36	22.5	36
37	23	37
38	24	38
39	25	39
40	25.5	40
41	26	41
41.5	26.5	41.5
42	27	42
42.5	27.5	42.5
43	28	43
43.5	28.5	43.5
44	29	44
44.5	29.5	44.5
45	30	45
46	31	46
47	32	47
48	33	48
49	33.5	49

OPERATING INSTRUCTIONS

The Nora Max 72270 rain boots are designed for general outdoor use, providing protection against wet conditions. They feature a comfortable fit and a durable rubber sole for good traction.

- Wearing:** Ensure your feet are dry before putting on the boots. If desired, wear appropriate socks for added comfort or warmth.
- Fastening:** The boots feature a buckle closure for a secure fit around the calf. Adjust as needed.
- Intended Use:** These boots are suitable for various activities requiring protection from rain and moisture, such as gardening, walking in wet environments, or light work duties.
- Safety Note:** These boots are not equipped with steel toe caps or other safety features for industrial protection. They are not intended as safety footwear for environments requiring specific protective

standards.

MAINTENANCE AND CARE

Proper care will extend the life of your Nora Max 72270 rain boots.

- **Cleaning:** After each use, especially if exposed to mud or dirt, clean the boots with water and a mild soap. Use a soft brush or cloth to remove debris. Rinse thoroughly.
- **Drying:** Allow the boots to air dry completely at room temperature. Avoid direct heat sources like radiators or direct sunlight, as this can damage the synthetic material.
- **Storage:** Store the boots in a cool, dry place away from direct sunlight. To help maintain their shape, you may insert boot shapers or crumpled newspaper.
- **Avoid Chemicals:** Do not use harsh chemicals, solvents, or abrasive cleaners, as these can degrade the material and affect the boot's waterproof properties.

TROUBLESHOOTING

- **Feet feel cold:** These boots are unlined. For colder temperatures, it is recommended to wear thick, insulating socks.
- **Boots feel too tight or too loose:** Refer to the sizing chart in the "Setup and Sizing" section. If the size is incorrect, consider exchanging for a different size.
- **Lack of safety features:** The Nora Max 72270 boots are not designed with protective toe caps or other safety features. They are intended for general rain protection, not as personal protective equipment (PPE) for industrial or hazardous work environments.
- **Difficulty removing boots:** If boots are difficult to remove, ensure they are fully dry. Wearing appropriate socks can also aid in easier removal.
