SETUP

Before first use, wash all stainless steel tools with warm, soapy water and dry thoroughly. The grill glove can be hand-washed or machine-washed on a gentle cycle. Ensure all tools are completely dry before storage to prevent water spots or corrosion.

OPERATING INSTRUCTIONS

Chef's Spatula

- Use the wide surface for flipping burgers, fish, and other delicate items.
- The serrated edge can assist in separating food items or testing doneness.
- The integrated bottle opener provides convenience during grilling.

Grill Tongs

- Ideal for gripping and turning larger cuts of meat, vegetables, and other items on the grill.
- The scalloped edges provide a secure grip without piercing the food.

Grill Fork

- Suitable for piercing and lifting roasts, poultry, or large vegetables.
- Use with caution to avoid excessive piercing of meats, which can lead to loss of juices.

Heat-Resistant Grill Glove

- Wear the glove to protect your hand from heat when handling hot grill grates, tools, or moving items on the grill.
- Ensure a secure fit and maintain a safe distance from open flames.

CARE AND MAINTENANCE

To maintain the quality and longevity of your Cuisinart Grilling Tool Set:

- **Cleaning Tools:** Hand wash all stainless steel tools with warm, soapy water immediately after use. Rinse thoroughly and dry completely to prevent water spots and maintain shine. The tools are **not dishwasher safe**.
- **Cleaning Grill Glove:** The grill glove can be hand-washed or machine-washed on a gentle cycle with mild detergent. Air dry completely.
- **Storage:** Store tools in a dry place. The integrated hooks on the handles allow for convenient hanging storage.

TROUBLESHOOTING

- **Food Sticking to Spatula/Tongs:** Ensure tools are clean before use. For best results, lightly oil the grill grates before placing food.
- **Tools Becoming Dull:** While made of durable stainless steel, prolonged exposure to harsh conditions or abrasive cleaning can affect their finish. Follow care instructions carefully.
- **Glove Heat Resistance:** The glove is heat-resistant, not heat-proof. Avoid direct contact with open flames for extended periods. Replace if signs of wear or damage appear.
