## Casaria 100510

# Casaria Tall Bathroom Cabinet User Manual

Model: 100510

## INTRODUCTION

---

Thank you for choosing the Casaria Tall Bathroom Cabinet. This versatile and space-saving cabinet is designed to provide ample storage for your bathroom essentials, towels, and other items. Its compact dimensions make it ideal for smaller spaces while offering significant organizational capacity. This manual provides detailed instructions for assembly, operation, maintenance, and important safety information to ensure proper use and longevity of your product.

## IMPORTANT SAFETY INFORMATION

---

### WARNING:

- Doors with magnetic closures may pinch fingers or objects. Please exercise caution during use.
- This product is not suitable for use in excessively humid environments. Ensure proper ventilation to prevent damage.
- For stable fixation, wall mounting support is provided and recommended. Always secure the cabinet to a wall to prevent tipping, especially in households with children or pets.

## PRODUCT OVERVIEW

---

The Casaria Tall Bathroom Cabinet (Model: 100510) is a robust and elegant storage solution. It features a sleek white matte finish and is constructed from durable MDF material, making it resistant to moisture and easy to clean. The cabinet is designed with versatility in mind, offering adaptable storage options for various items.

## SETUP AND ASSEMBLY

The Casaria Tall Bathroom Cabinet is designed for straightforward assembly. All necessary parts are included and clearly labeled. Please follow the step-by-step instructions provided in the assembly manual that accompanies your product. It is recommended to assemble the cabinet on a soft, clean surface to prevent scratches.

1. **Unpack Components:** Carefully unpack all parts and hardware from the packaging. Verify that all components listed in the parts list are present.
2. **Identify Parts:** Each part is typically numbered or lettered. Match these labels with the diagrams in the assembly manual.
3. **Assemble Frame:** Begin by assembling the main frame of the cabinet according to the instructions. Ensure all connections are secure.
4. **Install Shelves:** Insert the adjustable shelves into the desired positions. The cabinet offers flexibility for shelf placement.
5. **Attach Doors:** Mount the doors, ensuring they open and close smoothly. Adjust hinges if necessary for proper

alignment.

- Secure to Wall:** For enhanced stability and safety, especially in homes with children or pets, use the provided wall mounting hardware to secure the cabinet to a sturdy wall.

*Note: If you encounter any difficulties during assembly, refer to the detailed diagrams in your physical instruction booklet or contact customer support.*

## OPERATING INSTRUCTIONS

---

Using your Casaria Tall Bathroom Cabinet is simple and intuitive:

- Opening/Closing Doors:** Gently pull the handles to open the doors. The magnetic closures will hold them securely when closed.
- Adjusting Shelves:** To adjust the height of the shelves, carefully remove the shelf, reposition the shelf pins to the desired holes, and then reinsert the shelf.
- Loading Contents:** Distribute items evenly across the shelves. Each shelf can support up to 10 kg. Avoid overloading to maintain stability and prevent damage.

## MAINTENANCE

---

To ensure the longevity and appearance of your Casaria Tall Bathroom Cabinet, follow these maintenance guidelines:

- Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. For stubborn marks, a mild, non-abrasive cleaner can be used. Avoid harsh chemicals or abrasive materials that could damage the finish.
- Drying:** After cleaning, dry the surfaces immediately with a clean, dry cloth to prevent moisture damage, especially in bathroom environments.
- Spills:** Promptly wipe up any spills to prevent staining or water damage to the MDF material.
- Hardware Check:** Periodically check all screws and fittings to ensure they remain tight. Tighten if necessary to maintain structural integrity.
- Ventilation:** Ensure adequate ventilation in the bathroom to minimize humidity, which can affect the cabinet over time.

## TROUBLESHOOTING

---

Here are some common issues and their solutions:

Problem	Possible Cause	Solution
Cabinet feels wobbly or unstable.	Loose fittings; not secured to wall.	Tighten all screws and bolts. Ensure the cabinet is properly secured to the wall using the provided anti-tip hardware.
Doors do not close properly or are misaligned.	Loose hinges; obstruction.	Check and tighten hinge screws. Ensure nothing is obstructing the door's path. Adjust hinges if necessary.
Shelves are difficult to insert or remove.	Shelf pins not aligned correctly.	Ensure shelf pins are fully inserted into the corresponding holes and are level before placing the shelf.
Magnetic closure not holding doors.	Magnet or strike plate misaligned or loose.	Check the alignment of the magnetic catch and the strike plate on the door. Tighten or adjust as needed.

## SPECIFICATIONS
