# BLANCO 517666 Cap Flow Stainless Steel Decorative Drain Cover Instruction Manual

## 1. INTRODUCTION

This manual provides essential information for the proper use and maintenance of your BLANCO 517666 Cap Flow Stainless Steel Decorative Drain Cover. Please read these instructions thoroughly before use to ensure optimal performance and longevity of the product.

## 2. PRODUCT OVERVIEW

The BLANCO Cap Flow Decorative Drain Cover is an accessory designed to enhance the aesthetic of your kitchen sink by concealing the drain opening. Crafted from durable stainless steel, it allows water to flow freely while maintaining a clean and uniform appearance.

### Key Features:

- Constructed from stainless steel for durability and corrosion resistance.
- Designed to fit standard 3 1/2-inch sink drains.
- Features a raised design to ensure unobstructed water flow.
- Compatible with BLANCO stainless steel and SILGRANIT sinks.

### 3. SETUP

---

The BLANCO Cap Flow Decorative Drain Cover is designed for simple placement over your existing sink drain. No tools or complex installation steps are required.

#### Installation Steps:

1. Ensure your sink drain is clean and free of debris.
2. Place the BLANCO Cap Flow cover directly over the 3 1/2-inch drain opening. The cover is designed with small feet on the underside to keep it slightly elevated, allowing water to pass underneath.
3. Verify that the cover sits securely and does not obstruct the drain completely.

## 4. OPERATING INSTRUCTIONS

---

The Cap Flow Decorative Drain Cover operates passively. Once placed over the drain, it functions to:

- **Conceal the Drain:** Provides a clean, uniform look to your sink by covering the drain basket or disposal flange.
- **Maintain Water Flow:** The elevated design ensures that water can still drain effectively beneath the cover.
- **Reduce Splashing:** Can help to minimize water splashing from the drain area.

To remove the cover, simply lift it from the drain opening.

## 5. MAINTENANCE

---

Regular cleaning will help maintain the appearance and hygiene of your BLANCO Cap Flow Decorative Drain Cover.

### Cleaning Instructions:

- Remove the drain cover from the sink.
- Wash with warm soapy water and a soft cloth or sponge.
- For deeper cleaning, the cover is dishwasher safe. Place it on the top rack of your dishwasher.
- Rinse thoroughly and dry with a soft cloth to prevent water spots.
- Avoid abrasive cleaners or scouring pads, as these can scratch the stainless steel surface.

## 6. TROUBLESHOOTING

The BLANCO Cap Flow Decorative Drain Cover is a simple accessory with minimal components, reducing the likelihood of issues. If you encounter any problems, consider the following:

- **Water not draining properly:** Ensure the cover is correctly seated and not obstructed by debris. The design allows water to flow underneath; if drainage is slow, check the main sink drain for clogs.
- **Cover does not sit flat:** Verify that the drain opening is clear and there are no foreign objects preventing the cover from resting evenly.

For persistent issues or concerns not addressed here, please contact BLANCO customer support.

## 7. SPECIFICATIONS

Attribute	Detail
Product Dimensions	4.49 x 4.49 x 0.98 inches
