## Hailo 371510

# Hailo Big Box 3715-10 Pivoting Waste Bin - 15 L

Model: 371510

## INTRODUCTION

---

The Hailo Big Box 3715-10 is a high-quality 15-liter pivoting waste bin designed for seamless integration into your kitchen or utility cabinet. Crafted from durable stainless steel with a RAL 8019 grey-brown lid, this bin offers a practical and hygienic waste disposal solution. Its innovative pivoting mechanism allows the lid to open automatically when the cabinet door is opened, providing convenient access.

## SAFETY INFORMATION

---

Please read all safety instructions carefully before installation and use. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all components are securely fastened during installation to prevent the bin from falling.
- Keep small children away from the installation area during assembly.
- Do not overload the waste bin beyond its 15-liter capacity.
- Avoid placing hot materials or liquids directly into the bin.
- Use appropriate tools for installation as specified in the instructions.

## PACKAGE CONTENTS

---

Verify that all the following components are present in your package:

- 1x Stainless Steel Waste Bin (15 L capacity)
- 1x RAL 8019 Grey-Brown Lid
- 1x Pivoting Mechanism Assembly
- 1x Mounting Hardware Kit (screws, washers, etc.)
- 1x Installation Template (if applicable)

## SETUP AND INSTALLATION

---

The Hailo Big Box 3715-10 is designed for installation in hinged door cabinets with a minimum width of 40 cm. The pivoting mechanism ensures the lid opens automatically when the cabinet door is opened.

### Required Tools:

- Drill
- Screwdriver (Phillips head recommended)
- Measuring Tape
- Pencil
- Level

### Installation Steps:

1. **Prepare Cabinet:** Ensure the cabinet interior is clean and free of obstructions. The bin requires a minimum cabinet width of 40 cm.
2. **Position Template:** Use the provided installation template (if included) to mark the drilling points on the inside of your cabinet door and the cabinet side wall. If no template is provided, carefully measure and mark according to the dimensions diagram.
3. **Drill Pilot Holes:** Drill pilot holes at the marked positions. Ensure the drill bit size matches the recommended size for the mounting screws.
4. **Attach Pivoting Mechanism:** Securely attach the pivoting mechanism assembly to the marked points on the cabinet door and side wall using the provided mounting hardware. Ensure it is level and firmly attached.
5. **Insert Waste Bin:** Place the stainless steel waste bin into the assembled pivoting mechanism. Ensure it sits correctly and is stable.

6. **Attach Lid:** Place the RAL 8019 grey-brown lid onto the waste bin. The lid is designed to interact with the pivoting arm.
7. **Test Operation:** Slowly open and close the cabinet door to ensure the bin pivots smoothly and the lid opens and closes correctly. Adjust mounting if necessary. The system is designed to work even with soft-close hinges up to 10 Newton.

## OPERATING INSTRUCTIONS

---

Using your Hailo Big Box 3715-10 is straightforward:

1. **Opening:** Simply open your cabinet door. The integrated pivoting mechanism will automatically lift the lid of the waste bin, providing easy access for waste disposal.
2. **Disposing Waste:** Place your waste into the 15-liter stainless steel bin.
3. **Closing:** Close the cabinet door. The lid will automatically lower and seal the bin, containing odors and keeping your kitchen tidy.

## MAINTENANCE

---

Regular cleaning and maintenance will ensure the longevity and hygienic operation of your Hailo waste bin.

- **Cleaning the Bin:** The stainless steel inner bin can be easily removed for cleaning. Wash with warm soapy water and a soft cloth. Rinse thoroughly and dry completely before reinserting.
- **Cleaning the Lid and Mechanism:** Wipe the lid and the pivoting mechanism with a damp cloth and mild detergent. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Regular Inspection:** Periodically check all mounting screws and connections to ensure they remain tight. Tighten if necessary.
- **Odor Control:** For best odor control, use appropriate waste bags and empty the bin regularly.

## TROUBLESHOOTING

---

If you encounter any issues with your Hailo Big Box 3715-10, refer to the following common problems and solutions:

| Problem                              | Possible Cause   | Solution   |
|--------------------------------------|--|--|
| Lid does not open or close smoothly. | Misalignment of the pivoting mechanism or obstruction.       | Check mounting screws for tightness. Ensure no items inside the cabinet are obstructing the bin's movement. Re-align if necessary. |
| Bin feels wobbly after installation. | Loose mounting screws.                                       | Tighten all mounting screws securely. Ensure the cabinet material is suitable for mounting.  |
| Odors escaping from the bin.         | Bin is full, lid not sealing properly, or no waste bag used. | Empty the bin regularly. Ensure the lid is properly seated. Use a suitable waste bag. Clean the bin and lid thoroughly.            |
