

Beautyrest M23561.40.7494

Simmons Beautyrest Elite Selkirk Plush Evenloft California King Mattress User Manual

Model: M23561.40.7494

1. Introduction

Welcome to the user manual for your Simmons Beautyrest Elite Selkirk Plush Evenloft California King Mattress. This mattress is designed to provide exceptional comfort and support, featuring advanced technologies developed over decades of innovation.

Key features include:

- Motion separation, conformability, individualized back support, and pressure relief from 1178 density Beautyrest Smart Response Pocketed Coil Technology.
- Luxurious Beautystyle stretch knit fabrics for enhanced aesthetics and feel.
- Total Surround BeautyEdge Foam Encasement for a maximized sleeping surface and consistent comfort to the edge.
- Patented Transflexion Comfort Technology ensuring consistent comfort throughout the life of the mattress.
- CertiPUR-US certification, indicating the flexible polyurethane foam meets voluntary standards for content, emissions, and durability.

3. Usage Guidelines

Your Beautyrest mattress is designed for optimal sleep comfort. To maximize its benefits:

- **Even Weight Distribution:** While the mattress features advanced support, rotating it periodically (e.g., every 3-6 months) can help promote even wear and extend its lifespan.
- **Pocketed Coil Technology:** The individual pocketed coils adapt to your body's unique shape, providing personalized support and minimizing motion transfer, ensuring undisturbed sleep.
- **Pressure Relief:** The combination of foam layers and pocketed coils works to alleviate pressure points, contributing to a more comfortable sleep experience.

Figure 4: A hand demonstrating the independent movement of a Beautyrest Smart Response Pocketed Coil, highlighting its ability to conform to body contours and reduce motion transfer.

Figure 5: An illustration of how the mattress conforms to the body, providing individualized back support and pressure relief.

4. Care and Maintenance

Proper care will help maintain the quality and comfort of your mattress for years to come.

- **Cleaning:** The manufacturer specifies "Hand Wash Only" for product care. For a mattress, this typically means *spot cleaning only*. Use a mild soap and water solution with a clean cloth to gently blot stains. Avoid saturating the mattress. Do not machine wash or dry clean. Allow to air dry completely before covering.
- **Protection:** Use a quality mattress protector to guard against spills, stains, and allergens.
- **Avoid Jumping:** Do not jump on the mattress, as this can damage the internal components and void the warranty.
- **Ventilation:** Periodically remove bedding to allow the mattress to breathe and air out.
- **Consistent Comfort:** The patented Transflexion Comfort Technology is designed to ensure consistent comfort throughout the life of the mattress, minimizing the need for flipping or rotating for comfort purposes. However, rotating for even wear is still recommended.

5. Troubleshooting

Most issues with a new mattress are minor and can be easily addressed.

- **New Mattress Odor:** A slight "new product" odor is common immediately after unboxing. This is harmless and will dissipate within a few days with good ventilation.
- **Body Impressions:** Minor body impressions (less than 1.5 inches) are normal and indicate the comfort layers conforming to your body. This is not a structural defect. Regular rotation can help distribute wear.
- **Squeaking/Noise:** If you hear squeaking, it is usually from the bed frame or foundation, not the mattress itself. Check and tighten all connections on your bed frame.
- **Discomfort:** It can take a few weeks for your body to adjust to a new mattress. Give yourself time to adapt.

Ensure your foundation provides adequate support.

If you experience significant issues or believe there is a manufacturing defect, please refer to the Warranty and Support section.

6. Specifications

Feature	Detail
Brand	Beautyrest
Model Number	M23561.40.7494
Size	California King
Product Dimensions	83.5"L x 72"W x 14"Th
Item Weight	121.4 pounds
Material	Foam (with Pocketed Coils)
Top Style	Tight Top
Construction Type	Foam Construction
Special Feature	Durability, Flexible
Product Care Instructions	Hand Wash Only (Spot Clean Recommended)
UPC	886609111190
Date First Available	November 9, 2011

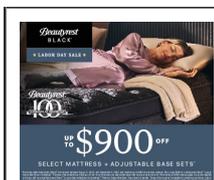

7. Warranty and Support

Your Simmons Beautyrest mattress is manufactured with high-quality materials and craftsmanship, designed to provide consistent comfort for its lifetime, as supported by the patented Transflexion Comfort Technology. For specific warranty details, claims, or technical support, please refer to the warranty card included with your purchase or visit the official Beautyrest website. It is recommended to retain your proof of purchase for warranty purposes.
