Spa Luxe Flat Top Beige

Spa Luxe Electric Massage, Spa, and Treatment Table User Manual

Model: Flat Top Beige (B0069WGD54)

INTRODUCTION

Thank you for choosing the Spa Luxe Electric Massage, Spa, and Treatment Table. This professional-grade table is designed for massage therapists, estheticians, and spa professionals, offering adjustable height, luxurious comfort, and quiet operation. This manual provides essential information for the safe and effective use, setup, and maintenance of your new electric treatment table.

This image shows the complete Spa Luxe Electric Massage Table in beige, featuring its flat top design and adjustable face cradle. The sturdy base is visible underneath, highlighting its professional construction.

SAFETY INFORMATION

Please read and understand all safety warnings before operating the table. Failure to follow these instructions may result in injury or damage to the product.

- **Weight Limit:** Do not exceed the maximum weight limit of 450 lbs (204 kg).
- **Stability:** Be cautious when adjusting the height and tilt to prevent tip-over. Ensure the table is on a stable, level surface.
- **Assembly:** Always follow the assembly instructions carefully to avoid injury. While the table comes largely pre-assembled, proper setup of accessories is crucial.
- **Power Cord:** Ensure the power cord is not pinched or damaged. Keep it away from heat sources and wet areas.
- **Children and Pets:** Keep children and pets away from the table during operation and when unattended.
- **Maintenance:** Perform regular maintenance checks as outlined in this manual to ensure safe operation.

SETUP

The Spa Luxe Electric Massage Table is designed for ease of setup, arriving largely pre-assembled. Follow these steps to prepare your table for use:

1. **Unpacking:** Carefully remove the table from its packaging. The table comes on a wooden pallet and is designed to be rolled into position.
2. **Positioning:** Roll the table to its desired location. Ensure there is adequate space around the table for operation and client access.

3. **Power Connection:** Plug the power cord into a grounded electrical outlet.
4. **Attach Accessories:**
 - **Face Cradle:** Insert the adjustable face cradle into the designated slots at the head end of the table. Adjust the angle for client comfort.
 - **Armshelf:** Attach the armshelf underneath the face cradle, if desired, to provide additional support for the client's arms.
5. **Initial Test:** Before first use with a client, perform a test of the electric lift system using the foot control to ensure all functions are operating correctly.

Figure 2: Included Table Components

This image displays the key components of the Spa Luxe table: the adjustable face cradle and cushion, the armshelf, the German-engineered motor system, and the easy-to-use foot pedal. These accessories enhance client comfort and practitioner convenience.

OPERATING INSTRUCTIONS

The Spa Luxe Electric Massage Table features a quiet electric lift system for smooth height adjustments.

Height Adjustment

- The table's height can be adjusted from 17 inches (43 cm) to 39 inches (99 cm) using the foot control.
- **Using the Foot Control:**
 - Locate the foot pedal. It typically has two buttons or pedals.
 - Press and hold one pedal to raise the table.
 - Press and hold the other pedal to lower the table.
 - Release the pedal when the desired height is reached. The German-engineered motor ensures quiet and smooth operation.

Face Cradle and Armshef Adjustment

- The face cradle can be adjusted for angle and position to maximize client comfort. Loosen the adjustment knob, position the cradle, and tighten the knob securely.
- The armshef provides additional support and can be removed if not needed.

Electric Lift System

Height adjusts silently with German-engineered motors (17"–39")

This image highlights the key features of the electric lift system, including its adjustable height range (17"-39"), ADA compliance, durability, and eligibility for a 50% tax credit. The quiet German-engineered motors ensure smooth and silent adjustments.

MAINTENANCE

Proper maintenance will extend the life of your Spa Luxe Electric Massage Table and ensure continued optimal performance.

Cleaning and Care

- **Upholstery:** Clean the soft-touch upholstery regularly with a mild, non-abrasive cleaner and a soft cloth. Avoid harsh chemicals or abrasive materials that could damage the surface.
- **Frame:** Wipe down the steel frame with a damp cloth to remove dust and debris.
- **Moving Parts:** Periodically check all moving parts, including the lift mechanism and wheels, for any signs of wear or looseness. Tighten any loose fasteners.
- **Cords and Controls:** Inspect power cords and control cables for any damage. Do not use the table if cords are frayed or exposed.

Figure 4: Durable PU Upholstery

A close-up view of the table's durable PU upholstery, showing the quality stitching and soft texture designed for long-lasting professional use.

Figure 5: Smooth Mobility Wheels

This image shows one of the built-in wheels on the table's base, illustrating the design for smooth and easy repositioning within your workspace.

TROUBLESHOOTING

If you encounter issues with your Spa Luxe Electric Massage Table, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Table does not move when foot control is pressed.	Power cord unplugged. Power outlet not working. Foot control or motor malfunction.	Ensure power cord is securely plugged into a working outlet. Test the outlet with another device. Contact customer support if power is confirmed but table remains unresponsive.
Table movement is jerky or noisy.	Obstruction in lift mechanism. Loose components. Motor issue.	Inspect the lift mechanism for any obstructions. Check and tighten any visible loose bolts or connections. If the issue persists, contact customer support.
Face cradle or armshelf is loose.	Adjustment knob not tightened. Wear on components.	Ensure the adjustment knob is fully tightened. If components are worn, contact customer support for replacement parts.

Specifications

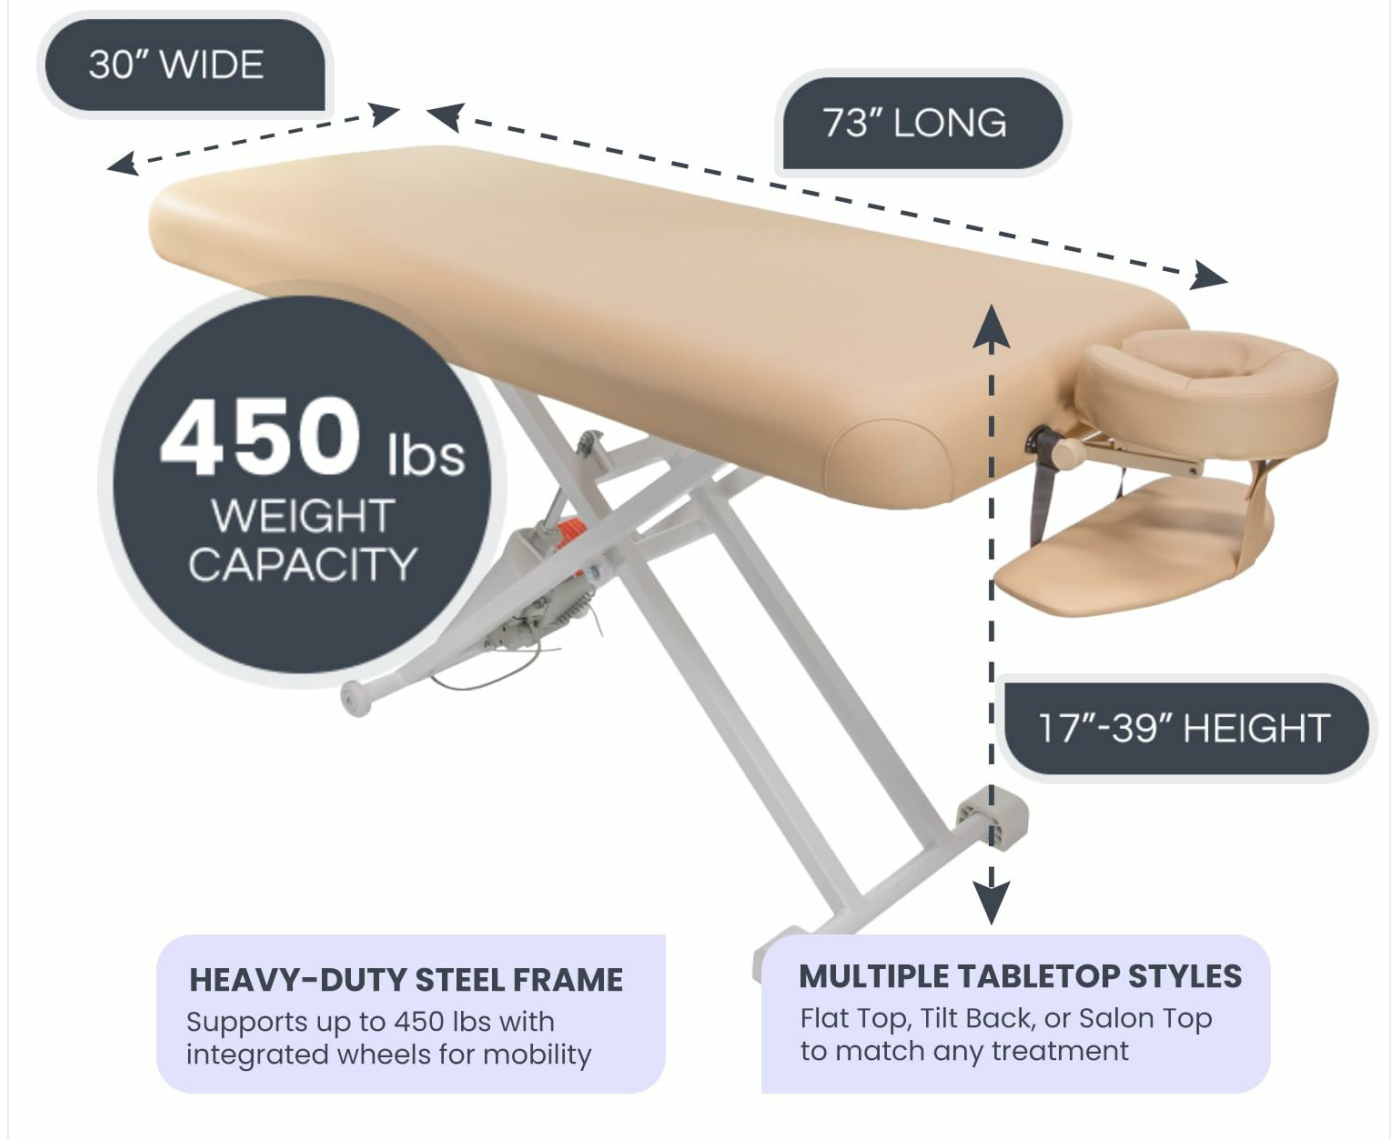

Figure 7: Table Specifications Overview

This diagram illustrates the key specifications of the Spa Luxe table, including its 30" width, 73" length, 450 lbs weight capacity, and adjustable height range of 17"-39". It also highlights the heavy-duty steel frame and multiple tabletop styles available.

Available Tabletop Styles (Other Models)

While this manual focuses on the Flat Top Beige model, Spa Luxe offers other configurations:

- **Flat Top:** Best for traditional massage, chiropractic, and bodywork treatments. Ideal for deep tissue, Swedish, or sports massage sessions.
- **Salon Top:** A premium option featuring electric back and knee section controls, ideal for medspa services, skincare treatments, and elevated client comfort. This style offers full-body adjustability.
- **Tilt-Back:** Perfect for facials, lash extensions, reflexology, and seated therapies. The adjustable backrest provides ergonomic support for both the client and practitioner.
