PREPARATION

Proper nail preparation is essential for optimal nail enamel adhesion and longevity.

1. **Clean Nails:** Ensure nails are clean, dry, and free of any old polish, oils, or lotions.
2. **Shape and Buff:** File nails to your desired shape and gently buff the nail surface to create a smooth base.
3. **Push Back Cuticles:** Gently push back cuticles for a neat appearance.
4. **Apply Base Coat (Optional but Recommended):** For enhanced protection against chips and yellowing, apply a thin layer of Revlon Quick Dry Base Coat.

APPLICATION INSTRUCTIONS

Follow these steps for a smooth and even application of your Revlon Nail Enamel.

1. **Shake Gently:** Before use, gently roll the bottle between your palms to mix the polish without creating air bubbles.
2. **First Coat:** Apply a thin, even layer of nail enamel to each nail, starting from the base and moving towards the tip.
3. **Allow to Dry:** Let the first coat dry completely before applying the second. This helps prevent streaking and ensures a durable finish.
4. **Second Coat:** Apply a second thin coat for full color opacity and a glossy shine.
5. **Top Coat (Optional but Recommended):** For extended wear and added shine, finish with a clear top coat.

MAINTENANCE AND CARE

To prolong the life of your manicure and keep your nail enamel in good condition:

- **Protect Your Nails:** Wear gloves when performing household chores or tasks that involve water and harsh chemicals.
- **Reapply Top Coat:** Reapply a thin layer of top coat every 2-3 days to refresh shine and enhance chip resistance.
- **Proper Storage:** Store the nail enamel bottle upright in a cool, dry place away from direct sunlight to prevent thickening and discoloration.

TROUBLESHOOTING

Common Issues and Solutions

- **Issue: Streaky Application**
Solution: Ensure each coat is applied thinly and allowed to dry completely before applying the next. Avoid overworking the brush.
- **Issue: Chipping**
Solution: Always start with clean, dry nails. Use a quality base coat and finish with a top coat. Reapply top coat every few days.
- **Issue: Polish Thickening in Bottle**
Solution: Add a few drops of a dedicated nail polish thinner (not nail polish remover) and gently roll the bottle to mix.

PRODUCT SPECIFICATIONS

Attribute	Detail
Brand	REVLON
Model Number	033000009360
Color	620 Bewitching
Liquid Volume	14.7 Milliliters (0.5 Fl Oz)
Special Feature	Anti-Fade; Quick Dry
