Prominence Home 80035-01

Prominence Home Calico 52-inch Ceiling Fan Instruction Manual

Model: 80035-01

INTRODUCTION

This manual provides essential instructions for the safe installation, operation, and maintenance of your Prominence Home Calico 52-inch Ceiling Fan. This modern/contemporary ceiling fan features a brushed nickel finish, three reversible blades, an integrated LED light kit, and a convenient remote control. Please read all instructions carefully before beginning installation and retain this manual for future reference.

The Prominence Home Calico ceiling fan, featuring a brushed nickel motor housing and three dark wood-finish blades, with an integrated frosted LED light kit.

Safety Information

To reduce the risk of electric shock, fire, or personal injury, always follow these basic safety precautions:

- Read all instructions and safety information before installing your fan and save these instructions.
- All wiring must be in accordance with national and local electrical codes. Consult a qualified electrician if you are unfamiliar with wiring.
- Before you begin, disconnect power by turning off the circuit breakers to the fan's junction box and the associated wall switch location.
- The fan must be mounted to a ceiling joist or a support structure capable of supporting the fan's weight (minimum 35 lbs).
- Ensure the installation site allows for a minimum clearance of 7 feet from the floor to the blade trailing edge and 18 inches from the wall to the blade tips.
- Do not operate the fan with damaged blades or housing.
- Avoid placing objects in the path of the fan blades.

Package Contents

Verify that all components listed below are included in your package:

- Motor Housing
- Blades (3)
- Blade Irons
- Canopy
- Integrated LED Light Kit (with Bulbs)
- Remote Control
- Screws and Hardware

SETUP AND INSTALLATION

Installation of this ceiling fan requires electrical knowledge. It is highly recommended to have a qualified electrician perform the installation. Ensure power is disconnected at the circuit breaker before proceeding.

1. **Mounting Bracket Installation:** Securely attach the mounting bracket to a ceiling joist or a fan-rated outlet box.
2. **Wiring:** Connect the fan's electrical wires to the household wiring according to the provided wiring diagram. Ensure all connections are secure.
3. **Fan Assembly:** Carefully lift the fan motor assembly and hang it from the mounting bracket. Attach the fan blades to the motor housing. Note that the blades are reversible, offering two finish options (Walnut and Beech).
4. **Light Kit Installation:** Connect the integrated LED light kit wiring and secure the light kit to the fan motor housing.
5. **Canopy Installation:** Slide the canopy up to the ceiling and secure it to cover the wiring and mounting bracket.

Product Dimensions

Find the fan that is the best fit for your space

A diagram illustrating the physical dimensions of the fan, with a 52-inch blade span and a total height of 15.2 inches from the ceiling to the lowest point of the light kit.

Know Your Room Size

Use the guide below for best location of your ceiling fan

Small Room

Less than 8 ft x 10 ft

Fan Size Up to 32-in

Medium Room

Up to 12 ft x 14 ft

Fan Size 32-in to 48-in

THIS FAN

Large Room

Up to 12 ft x 18 ft

Fan Size 48-in to 58-in

A visual guide recommending appropriate ceiling fan sizes based on room dimensions. This 52-inch fan is recommended for large rooms up to 12ft x 18ft.

OPERATING INSTRUCTIONS

Your Prominence Home Calico ceiling fan is operated using the included remote control. Ensure the remote has fresh batteries installed.

Remote Control Functions:

Simulates a breeze in nature.

HomeShield™

Simulates occupancy while
away from home.

The included remote control and its wall dock, detailing buttons for fan power, three fan speeds (high, medium, low), light on/off with dimming, a 'Walk Away Light Delay' function, 'Variable Breeze' mode, and 'HomeShield' occupancy simulation.

- **Power Fan On/Off:** Press the power button to turn the fan on or off.
- **Fan Speed:** Select from High, Medium, or Low speed settings.
- **Light On/Off & Dimming:** Press the light button to turn the light on or off. Press and hold to dim the light.
- **Walk Away Light Delay:** Activates a delay function for the light to turn off after one minute.
- **Variable Breeze:** Simulates a natural breeze by varying fan speed.
- **HomeShield™:** Simulates occupancy while you are away from home.

Reversible Motor Function:

The fan features a reversible motor for year-round comfort. A switch on the fan's motor housing (usually located above the light kit) controls the direction of blade rotation.

- **Summer Mode (Counter-clockwise rotation):** Pushes air downward, creating a cooling effect.
- **Winter Mode (Clockwise rotation):** Draws air upward, circulating warm air trapped near the ceiling.

Reversible Motor

Warm in winter, cool in summer

This diagram explains the reversible motor feature, allowing the fan to be used in winter to circulate warm air downwards and in summer to create a cooling breeze.

Reversible Blades

Choose between two different blade finishes to pick the style that best complements your home

MAINTENANCE

Regular maintenance ensures optimal performance and extends the life of your ceiling fan.

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Inspection:** Check blade screws for tightness annually. Loose blades can cause wobbling and noise.
- **Light Kit:** The integrated LED light kit is designed for long life. If replacement is ever needed, consult the manufacturer's guidelines. Clean the frosted globe with a soft, dry cloth.
- **Remote Control:** Replace batteries in the remote control as needed (typically 2x AAA batteries, not specified in data, but common).

TROUBLESHOOTING

Before contacting customer support, try these troubleshooting steps for common issues:

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control battery low.	Check circuit breaker; Verify all wire connections are secure; Replace remote control batteries.
Fan wobbles	Loose blade screws; Unbalanced blades; Loose mounting bracket.	Tighten all blade screws; Ensure blades are balanced (balancing kit may be needed); Verify mounting bracket is securely fastened.
Light does not work	Loose wire connection; LED driver issue; Remote control battery low.	Check light kit wiring; Consult an electrician if LED driver is suspected; Replace remote control batteries.
Fan is noisy	Loose screws; Motor hum; Blades hitting an obstruction.	Check and tighten all screws; Ensure no wires are rubbing against the motor housing; Verify blades have clear clearance.

SPECIFICATIONS

Feature	Detail
Model Number	80035-01
Brand	Prominence Home
Size	52 inches (Blade Span)
Number of Blades	3
Color	Nickel (Brushed Finish)
Material	Nickel
Light Kit	Integrated LED, Dimmable, 3000K Color Temperature, 2x E26/A15 Bulbs included
Control Method	Remote Control (3-speed, light dimming, reversible)
Voltage	120 Volts (AC)
Wattage	57.1 watts
Item Weight	15.12 Pounds
Indoor/Outdoor Usage	Indoor
UPC	671961800352
