Prominence Home 80036-01

Prominence Home Calico 52-Inch 3-Blade Indoor Ceiling Fan

Model: 80036-01 | User Instruction Manual

1. INTRODUCTION

This manual provides detailed instructions for the safe installation, operation, and maintenance of your Prominence Home Calico 52-inch indoor ceiling fan. Please read all instructions carefully before beginning installation and retain this manual for future reference.

The Prominence Home Calico ceiling fan is designed for indoor use, featuring a 52-inch blade span, an integrated LED light, and convenient remote control operation. It is equipped with a reversible motor for year-round comfort.

2. SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or personal injury, always follow these safety guidelines:

- Ensure the installation site is structurally sound and capable of supporting the fan's weight (approximately 17.76 lbs).
- All electrical wiring must be performed by a qualified electrician and comply with local and national electrical codes.
- Disconnect power at the circuit breaker or fuse box before beginning installation or performing any maintenance.
- Do not operate the fan with damaged blades or any other damaged components.
- Avoid placing objects in the path of the fan blades.
- This fan is designed for indoor use only.
- Do not use this fan with a dimmer switch. It is designed for a standard on/off switch.

Code Compliant

Our products are designed with **YOU** in mind.

Our products have been safety tested to ensure the ceiling fan you are installing in your home or business will not present a safety hazard.

Image: Prominence Home products are designed to be code compliant, featuring ETL, DOE, and CA CEPA/CARB/CEC certifications, ensuring safety and quality standards are met.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Motor Housing
- 3 Fan Blades (Reversible: Dark Chestnut / Cimmeron finish)
- Blade Irons
- Canopy
- 4-inch Downrod
- Integrated LED Light Kit with Frosted Globe
- Remote Control with Wall Dock (Batteries included)
- Mounting Bracket
- Hardware (Screws, Washers, Wire Nuts)

4. INSTALLATION

4.1 Pre-Installation

- Turn off power at the circuit breaker.
- Ensure the electrical box is securely mounted and rated for ceiling fan support.
- Unpack all components and lay them out on a soft surface to prevent scratches.

4.2 Mounting Options

This fan offers two mounting options:

- **Standard Mount:** Uses the included 4-inch downrod for flat ceilings.
- **Angle Mount:** Suitable for vaulted or angled ceilings. A longer downrod (sold separately) may be required.

Attach the mounting bracket to the electrical box. Secure the downrod to the motor housing and hang the fan assembly onto the mounting bracket.

4.3 Wiring

Connect the fan's electrical wires to the household wiring according to the wiring diagram provided in the full installation guide (not included here). Ensure all connections are secure using the provided wire nuts.

4.4 Blade Attachment

Attach the blade irons to the fan blades. Then, secure the blade assemblies to the motor housing. Ensure all screws are tightened evenly.

Reversible Blades

Choose between two different blade finishes to pick the style that best complements your home

5.1 Remote Control Functions

- **Power Fan On/Off:** Turns the fan motor on or off.
- **High Speed:** Sets the fan to its highest speed.
- **Medium Speed:** Sets the fan to a moderate speed.
- **Low Speed:** Sets the fan to its lowest speed.
- **Light On/Off:** Press to turn the light on or off. Press and hold to dim the light.
- **Walk Away Light Delay:** Delays the light turning off for one minute.
- **Variable Breeze:** Simulates a natural breeze by varying fan speed.
- **HomeShield™:** Simulates occupancy by randomly turning the light on and off while you are away from home.

5.2 Reversible Motor Function

The fan features a reversible motor for optimal air circulation in different seasons.

- **Summer Mode (Counter-clockwise):** Creates a downward airflow, producing a cooling effect.

- **Winter Mode (Clockwise):** Creates an upward airflow, circulating warm air near the ceiling without creating a direct draft.

To reverse the motor direction, locate the reverse switch on the fan motor housing (usually above the light kit) and slide it to the desired position. Ensure the fan is off before changing the direction.

Image: Illustration of the reversible motor function, demonstrating how the fan circulates air upwards in winter to balance heating and downwards in summer for rapid cooling.

6. MAINTENANCE

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Balance:** If the fan wobbles, check that all blade screws are tight and that the blades are evenly balanced. Balancing kits are available if needed.
- **Light Bulb Replacement:** The integrated LED light is designed for long life. If replacement is ever needed, consult Prominence Home customer support.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control battery depleted.	Check circuit breaker; Verify all wire connections; Replace remote control battery.
Fan wobbles	Loose blade screws; Unbalanced blades; Loose mounting bracket.	Tighten all blade screws; Use a blade balancing kit; Ensure mounting bracket is secure.
Light does not work	Loose wire connection; LED driver issue.	Check light kit wiring; Contact customer support if LED driver is suspected.
Remote control not working	Depleted battery; Remote not paired.	Replace remote battery; Refer to remote pairing instructions (if applicable).

8. SPECIFICATIONS

Feature	Detail
Model Number	80036-01
Brand	Prominence Home
Blade Span	52 inches
Number of Blades	3
Finish Type	Bronze (Reversible blades: Dark Chestnut / Cimmeron)
Light Source	Integrated LED (3000K, Dimmable)
Control Method	Remote Control (3 Speed Settings)
Voltage	120 Volts

Item Weight	17.76 pounds
Product Dimensions (Package)	23 x 13 x 12 inches

Product Dimensions

Find the fan that is the best fit for your space

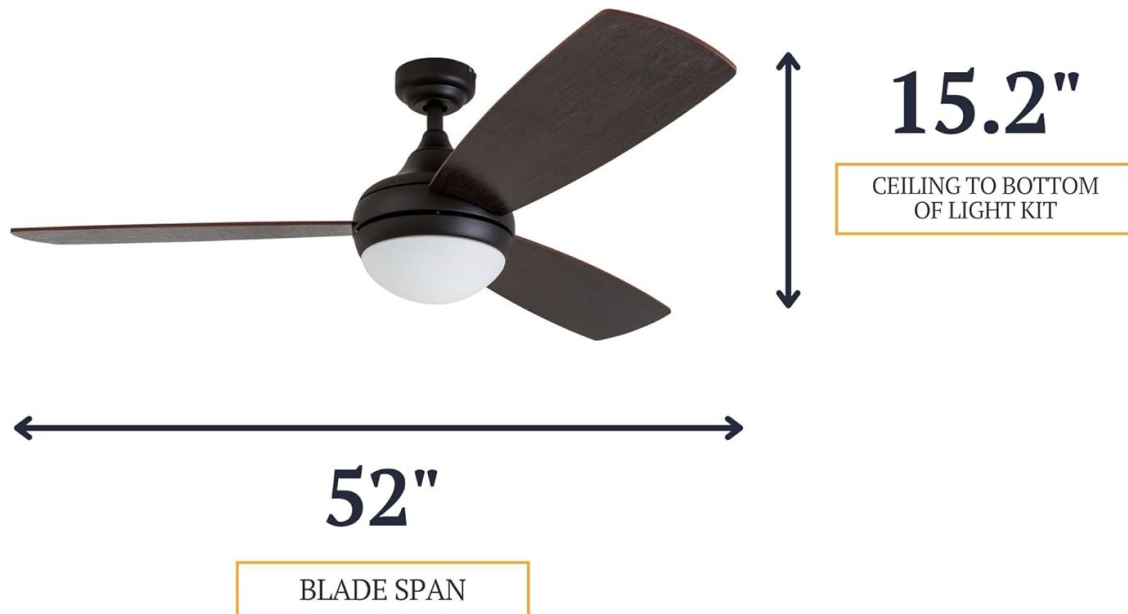

Image: Diagram illustrating the product dimensions, including the 52-inch blade span and the 15.2-inch distance from the ceiling to the bottom of the light kit.

8.1 Room Size Guide

Select the appropriate fan size based on your room dimensions for optimal performance:

- **Small Room (Less than 8 ft x 10 ft):** Fan Size Up to 32-in
- **Medium Room (Up to 12 ft x 14 ft):** Fan Size 32-in to 48-in
- **Large Room (Up to 12 ft x 18 ft):** Fan Size 48-in to 58-in (This 52-inch fan is suitable for large rooms.)

Know Your Room Size

Use the guide below for best location of your ceiling fan

Small Room

Less than 8 ft x 10 ft

Fan Size Up to 32-in

Medium Room

Up to 12 ft x 14 ft

Fan Size 32-in to 48-in

THIS FAN

Large Room

Up to 12 ft x 18 ft

Fan Size 48-in to 58-in

Image: A guide to selecting the correct ceiling fan size based on room dimensions, indicating that a 52-inch fan is appropriate for large rooms measuring up to 12 ft x 18 ft.

9. WARRANTY AND SUPPORT

Your Prominence Home Calico ceiling fan is backed by a **Limited Lifetime Warranty**. This warranty covers defects in materials and workmanship under normal use and service.

For warranty claims, technical assistance, or replacement parts, please contact Prominence Home customer support. Refer to the official Prominence Home website for the most current contact information.
