COMPATIBLE AIR PURIFIER MODELS

This Holmes HAPF21 Air Purifier Filter is compatible with the following Holmes Air Purifier models:

- HAP220
- HAP221
- HAP222
- HAP223
- HAP2234

KEY FEATURES

- **Effective Filtration:** Designed to remove common airborne irritants such as pollen, dust, smoke particles, and pet dander.
- **Electrostatic Design:** Utilizes electrostatic technology to attract and capture microscopic particles.
- **Easy Replacement:** Engineered for straightforward installation and removal.

FILTER INSTALLATION

Follow these steps to correctly install or replace your Holmes HAPF21 Air Purifier Filter:

1. Ensure your Holmes Air Purifier is unplugged from the power outlet before beginning installation.
2. Locate the filter compartment on your air purifier. Refer to your air purifier's specific manual for exact compartment access.
3. Open the filter compartment cover.
4. Carefully remove the old filter. Dispose of the used filter responsibly.
5. Unpack the new Holmes HAPF21 filter from its protective packaging.
6. Insert the new filter into the compartment, ensuring it is seated correctly and securely. Pay attention to any directional arrows on the filter or in the compartment.
7. Close the filter compartment cover.
8. Plug your air purifier back into the power outlet.
9. If your air purifier has a filter reset indicator, follow the instructions in your air purifier's manual to reset it.

MAINTENANCE AND REPLACEMENT

For optimal air purification performance, it is recommended to replace the Holmes HAPF21 Air Purifier Filter every 1-2 months. This frequency may vary depending on usage and air quality conditions in your environment. Regular replacement ensures the filter continues to effectively capture pollutants and maintain healthy indoor air.
