## Breo iSee360

# Breo iSee360 Eye Massager User Manual

Model: iSee360

## INTRODUCTION

---

Thank you for choosing the Breo iSee360 Eye Massager. This manual provides essential information for the safe and effective use of your device. Please read it thoroughly before operation and retain it for future reference.

## IMPORTANT SAFETY INSTRUCTIONS

---

To reduce the risk of electric shock, burns, fire, or injury, always follow these basic safety precautions:

- Do not use this device if you have any eye conditions, recent eye surgery, or other medical conditions that may be exacerbated by massage. Consult a physician before use.
- Keep out of reach of children.
- Do not use in wet environments or near water.
- Do not disassemble or attempt to repair the device yourself. Contact authorized service personnel.
- Use only the power adapter supplied with the device, if applicable.
- Discontinue use immediately if you experience discomfort or pain.

## PRODUCT OVERVIEW

---

The Breo iSee360 Eye Massager is designed to provide relaxation and relief through a combination of air pressure, vibration, and heat. It features a comfortable eye mask connected to a handheld controller.

## SETUP

---

### 1. Battery Installation

1. Locate the battery compartment on the handheld controller.
2. Open the compartment cover.
3. Insert 4 AA batteries, ensuring correct polarity (+/-). Four AA batteries are included with the product.
4. Close the battery compartment cover securely.

### 2. Power Connection (Optional)

The iSee360 can also be powered via an AC adapter. Connect the adapter to the designated port on the controller and plug it into a suitable power outlet. Ensure the adapter voltage matches your local power supply.

## OPERATING INSTRUCTIONS

---

### 1. Wearing the Massager

Place the eye mask over your eyes, ensuring a comfortable and secure fit. Adjust the strap if necessary.

## 2. Power On/Off

Press and hold the Power button on the handheld controller to turn the device on or off. The display will illuminate when powered on.

## 3. Selecting Massage Modes

The iSee360 offers three unique massage choices. Use the mode selection buttons on the controller to cycle through the available programs. Each program combines different levels of air pressure, vibration, and heat.

## 4. Adjusting Settings

- **Air Pressure:** Adjust the intensity of the air compression massage.
- **Vibration:** Control the vibration intensity.
- **Heat:** Activate or deactivate the gentle heat function.
- Refer to the controller's display and buttons for specific adjustments within each mode.

## 5. Audio Function (if applicable)

Some models may include an audio port for connecting earphones to listen to music during your massage session. Consult your device for this feature.

## MAINTENANCE

---

### Cleaning

Wipe the surface of the eye massager and controller with a soft, slightly damp cloth. Do not use abrasive cleaners or immerse the device in water.

### Storage

Store the device in a cool, dry place, away from direct sunlight and extreme temperatures. If storing for an extended period, remove the batteries from the controller.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not turn on	Low or dead batteries; Power adapter not connected or faulty.	Replace batteries; Ensure power adapter is securely connected and functional.
Massage intensity is weak	Low battery power; Incorrect mode selected.	Replace batteries; Select a different massage mode or adjust intensity settings.
