Hot Wheels J7993

Hot Wheels 2006 Honda Civic Type R Instruction Manual

Model: #2006-133

1. Introduction

Thank you for choosing the Hot Wheels 2006 Honda Civic Type R die-cast model. This 1:64 scale collectible car is designed for enthusiasts and collectors, offering a detailed representation of the iconic vehicle. This manual provides essential information for the care, handling, and enjoyment of your new Hot Wheels car.

Image 1.1: The Hot Wheels 2006 Honda Civic Type R in its sealed packaging. The packaging features the Hot Wheels logo, the car's model name, and the car itself visible through a clear plastic blister.

2. Setup

Your Hot Wheels car comes ready to use directly from its packaging. No assembly or batteries are required.

2.1 Unboxing

1. Carefully remove the car from its blister packaging. You may need scissors to cut around the edges of the plastic.
2. Dispose of packaging materials responsibly.
3. Inspect the car for any visible damage from shipping.

Image 2.1: A closer view of the Hot Wheels 2006 Honda Civic Type R inside its packaging. This image highlights the detailed side profile of the black car, featuring red accents and the 'CIVIC' branding on its side.

3. Operating

The Hot Wheels 2006 Honda Civic Type R is a free-rolling die-cast vehicle designed for play on various surfaces or for display.

3.1 Play Guidelines

- Place the car on a flat, smooth surface.
- Gently push the car forward or backward to make it roll.
- Compatible with most Hot Wheels track sets (sold separately). Ensure the car fits the track dimensions before use.
- Avoid excessive force or dropping the car, as this may cause damage to the axles or body.

4. Maintenance

Proper care will ensure the longevity and appearance of your Hot Wheels collectible.

4.1 Cleaning

- To clean the car, gently wipe it with a soft, dry cloth.

- For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive cleaners, as these can damage the paint or decals.
- Do not submerge the car in water.

4.2 Storage

- Store the car in a cool, dry place away from direct sunlight to prevent fading of colors.
- If storing for display, consider a dust-proof display case.

5. Troubleshooting

Most issues with a die-cast car are minor and easily resolved.

5.1 Common Issues

- **Wheels not spinning freely:** Check for any debris (e.g., dust, hair) caught in the axles. Carefully remove any obstructions. Ensure the wheels are not bent or misaligned.
- **Paint chips or scratches:** These are typically due to impact or rough handling. Unfortunately, paint chips on die-cast models are difficult to repair perfectly. Handle with care to prevent further damage.
- **Loose parts:** If any small plastic parts become loose, they may be reattached with a small amount of model adhesive, if appropriate for the material. Exercise caution.

6. Specifications

Feature	Detail
Product Dimensions	6.4 x 4.3 x 1.3 inches
Item Weight	0.8 ounces
Model Number	J7993
Manufacturer Recommended Age	3 years and up
Scale	1:64
