Stahlwille 81370002 Torque Wrench Storage Box

Instruction Manual

INTRODUCTION

This manual provides essential information for the proper use and maintenance of your Stahlwille 81370002 Durable Plastic Box for Torque Wrench Storage. This box is designed to safely store and transport specific Stahlwille torque wrench models, ensuring their protection and organization. Please read this manual thoroughly before using the product.

Note: This product includes the empty storage box only. Torque wrenches are sold separately and are not included with this item.

PRODUCT OVERVIEW

Figure 1: The Stahlwille 81370002 Durable Plastic Box shown in an open position, revealing its interior for torque wrench storage.

The Stahlwille 81370002 storage box is constructed from durable plastic, designed to offer robust protection for your precision torque wrenches. It features secure latches and hinges for reliable closure and a comfortable handle for easy portability.

Compatible Torque Wrench Models:

- No. 712R/6
- No. 713R/6
- No. 714/1-10
- No. 721/5-20 Quick
- No. 730/5-20 Quick

- No. 730/5-20 Fix
- No. 730N/5-20
- No. 730D/10

SETUP

1. **Unpack the Box:** Carefully remove the storage box from its packaging. Inspect for any signs of damage during transit.
2. **Clean the Interior:** Before first use, wipe the interior of the box with a clean, dry cloth to remove any dust or debris.
3. **Prepare Torque Wrench:** Ensure your torque wrench is clean and free of any contaminants before placing it into the box.

OPERATING INSTRUCTIONS

1. **Open the Box:** Release the two latches located on the front of the box by gently pulling them outwards. Lift the lid.
2. **Place Torque Wrench:** Carefully place your compatible torque wrench into the designated compartment within the box. Ensure it sits securely and does not shift excessively.
3. **Close the Box:** Lower the lid until it aligns with the base. Press down firmly on the latches until they click into place, securing the box.
4. **Transport:** Use the integrated handle for carrying the box. Ensure latches are fully engaged before transport.

MAINTENANCE

- **Cleaning:** Wipe the exterior and interior of the box with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the plastic.
- **Inspection:** Periodically inspect the latches and hinges for wear or damage. Ensure they operate smoothly and securely.
- **Storage:** Store the box in a dry, temperate environment away from direct sunlight or extreme temperatures to prevent material degradation.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Box does not close securely.	Torque wrench not seated correctly; debris in latch mechanism; damaged latch.	Ensure the torque wrench is properly positioned. Clear any debris from the latches. If latches are damaged, contact customer support.
Lid feels stiff when opening/closing.	Dust or dirt in hinges; lack of lubrication.	Clean hinges thoroughly. Apply a small amount of silicone-based lubricant if necessary.
Scratches appear on the box surface.	Normal wear and tear; contact with abrasive surfaces.	This is generally cosmetic and does not affect functionality. Avoid dragging the box on rough surfaces.
