Living World Deluxe Hybrid Habitat X-Large Instruction Manual

MODEL: 61859A1

PRODUCT OVERVIEW

The Living World Deluxe Hybrid Habitat X-Large is designed to provide a safe, well-ventilated, and comfortable living space for various small pets, including rabbits, guinea pigs, chinchillas, and ferrets. This hybrid cage features an upper wire frame and a durable plastic bottom base, combining security with ease of maintenance. The wire top opens in two separate parts for convenient access, and a front wire door offers additional accessibility. Included accessories enhance the habitat's functionality and comfort for your pet.

INCLUDED COMPONENTS

Your Living World Deluxe Hybrid Habitat includes the following items:

- Cage (upper wire frame and plastic base)
- Balcony with access ramp
- Tip-proof food dish
- Hideaway space (under balcony)
- Drip-proof water bottle
- Hay guard

SETUP INSTRUCTIONS

The Living World Deluxe Hybrid Habitat is designed for quick and easy assembly without the need for tools. Follow these steps to set up your pet's new home:

1. Unpack all components and ensure all parts listed in the 'Included Components' section are present.
2. Place the plastic bottom base on a flat, stable surface.
3. Align the wire frame with the grooves on the plastic base.
4. Secure the wire frame to the base using the eight easy-to-use plastic clips located around the perimeter of the cage. Ensure all clips are firmly latched.
5. Install the balcony with its access ramp inside the cage.
6. Attach the tip-proof food dish to the balcony floor.
7. Mount the drip-proof water bottle and hay guard on the exterior of the cage, ensuring they are accessible to your pet while maximizing interior space.

Video: This video demonstrates the process of opening the cage latches and lifting the top wire frame, which is useful during initial setup and for accessing your pet.

OPERATING THE HABITAT

The Living World Deluxe Hybrid Habitat offers multiple access points for interacting with your pet and performing daily tasks.

- **Top Access:** The wire top opens easily in two separate parts. Simply unlatch the red clips on either side and lift the desired section of the top for full access to the interior.
- **Front Door:** A wire door is located at the front of the cage for additional accessibility, allowing your pet to enter and exit if left open, or for easy reach-in access.
- **Balcony and Hideaway:** The integrated balcony provides an elevated area for your pet, while the space underneath serves as a quiet and secure hideaway.

MAINTENANCE

Regular cleaning is essential to ensure a healthy and comfortable environment for your pet. The cage's design facilitates easy cleaning.

- **Daily Cleaning:** Remove any soiled bedding, uneaten fresh food, and replenish hay and water daily.
- **Weekly Deep Cleaning:** For a thorough cleaning, unclip the wire frame from the plastic base. This allows you to easily separate the two parts. Dispose of all old bedding. Wash the plastic base and wire frame with pet-safe cleaner and warm water. Rinse thoroughly and dry completely before reassembling and adding fresh bedding.
- **Water Bottle and Food Dish:** Clean the water bottle and food dish daily with warm, soapy water to prevent bacterial growth.

Video: This video demonstrates how to unlatch and separate the wire frame from the base, simplifying the deep cleaning process.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Water Bottle Leaking/Chewing:** If your pet is chewing on the water bottle spout or if it's leaking, ensure the bottle

is securely attached and the ball bearing is functioning correctly. Some pets may chew on plastic components; consider a ceramic water bowl as an alternative if chewing persists.

- **Difficulty Cleaning Stains:** Over time, some stains may develop on the plastic base. For stubborn stains, use a diluted vinegar solution or a specialized pet-safe stain remover. Regular and frequent cleaning can minimize stain buildup.
- **Hay/Bedding Spillage:** Small pieces of hay or bedding may fall outside the cage. Ensure the hay guard is properly installed. Regular sweeping around the cage area is recommended.

SAFETY INFORMATION

To ensure the safety and well-being of your pet, please observe the following guidelines:

- Always ensure all clips and doors are securely fastened to prevent escapes.
- Place the habitat on a stable, level surface away from direct sunlight, drafts, and extreme temperatures.
- Regularly inspect the cage for any damaged parts or sharp edges that could harm your pet. Replace damaged components immediately.
- Provide adequate bedding material suitable for your pet's species to ensure comfort and absorb waste.
- Ensure fresh water and appropriate food are always available.
- Supervise children during interaction with pets and the habitat.
