2. SAFETY INFORMATION

Your child's safety is our top priority. Please adhere to all safety guidelines and instructions provided in this manual.

- Always use a standard full-size crib mattress measuring at least 51.625 x 27.25 inches and no more than 6 inches thick.
- Ensure all bolts and screws are securely tightened before use and periodically check for tightness.
- Do not use the crib if any parts are missing, damaged, or broken. Contact customer support for replacement parts.
- Keep cords, blinds, and other potential strangulation hazards away from the crib.
- Never place pillows, quilts, or soft bedding in the crib with an infant.

3. ASSEMBLY INSTRUCTIONS

The Babyletto Hudson crib is designed for easy assembly. All necessary tools and hardware are included. Follow the step-by-step instructions provided in the packaging for a smooth setup. The hidden hardware construction ensures a clean look once assembled.

4. OPERATING INSTRUCTIONS

Adjusting Mattress Height:

The crib features 4 adjustable mattress heights to grow with your baby. The highest setting is suitable for newborns, allowing easier access for parents. As your baby develops and begins to sit up, roll over, or stand, the mattress support should be lowered to prevent them from climbing out.

Features

-  GREENGUARD GOLD CERTIFIED
-  VERSATILE MODERN DESIGN

To adjust the mattress height, you will need to:

1. Remove the mattress from the crib.
2. Unscrew the bolts securing the mattress support frame to the crib sides.
3. Carefully lower or raise the mattress support frame to the desired notch.
4. Securely re-fasten all bolts. Ensure they are tight to prevent movement.
5. Place the mattress back into the crib.

5. CONVERSION TO TODDLER BED & DAYBED

The Babyletto Hudson crib includes all necessary components for conversion to a toddler bed and daybed, extending its usability as your child grows.

Toddler Bed Conversion:

When your child is ready for a toddler bed (typically between 1.5 and 2.5 years old, or when they start climbing out of the crib), you can convert the crib by removing one of the long side rails and replacing it with the included toddler rail. Ensure the mattress is on the lowest setting for safety.

Daybed Conversion:

For daybed use (typically between 2.5 and 5 years old), simply remove the toddler rail. The crib will then function as a daybed with open access on one side. The mattress should remain on the lowest setting. Refer to the detailed instructions in your product packaging for specific steps and hardware requirements for each conversion.

6. CARE & MAINTENANCE

To maintain the quality and appearance of your Babyletto Hudson crib:

- Wipe clean with a soft, damp cloth.
- Avoid using abrasive cleaners or strong chemicals, as these can damage the finish.
- Regularly check all screws and bolts to ensure they are tight.
- Keep the crib away from direct sunlight and extreme temperature changes to prevent warping or cracking of the wood.
