## Whitmor 6779-4114-BLK-BB

# Whitmor Deluxe Double Rod Freestanding Closet Heavy Duty Storage Organizer

Model: 6779-4114-BLK-BB

## INTRODUCTION

The Whitmor Deluxe Double Rod Freestanding Closet is designed to provide additional storage and organization space in various areas of your home, including bedrooms, kitchens, basements, attics, or garages. This heavy-duty organizer features a durable metal frame and multiple shelves, offering a versatile solution for storing clothing, accessories, and more.

## SETUP AND ASSEMBLY

Assembly of the Whitmor Deluxe Double Rod Freestanding Closet is designed to be straightforward and requires no tools. Follow these general steps for proper construction:

- 1. Unpack Components:** Carefully remove all parts from the packaging and verify that all components are present according to the parts list (typically included with the product).
- 2. Identify Parts:** Familiarize yourself with the different metal poles, plastic connectors, and wire shelves. Note that some plastic connectors may differ for specific sections (e.g., middle pieces).
- 3. Connect Poles and Connectors:** Begin by assembling the base frame, inserting the metal poles firmly into the plastic connectors. A rubber mallet (not included) can be used to gently tap pieces into place, ensuring a snug and secure fit. Avoid excessive force to prevent damage to the plastic connectors.
- 4. Install Shelves:** Once the vertical and horizontal supports are in place, position the wire shelves onto the designated slots or supports. Ensure they are level and securely seated.
- 5. Attach Garment Rods:** Install the upper and lower garment rods. The lower garment rod can be removed if extra height is needed for longer garments like dresses or coats.
- 6. Final Check:** After assembly, gently shake the unit to ensure all connections are secure and the closet is stable.

Image: A visual representation of the closet's dimensions, indicating a height of 73.0 inches (185.42 cm), width of 48.0 inches (121.92 cm), and depth of 19.5 inches (49.53 cm).

## OPERATING AND USAGE

The Whitmor Deluxe Double Rod Freestanding Closet is designed for versatile storage. Utilize the two garment rods for hanging shirts, jackets, pants, and other apparel. The five extra-strong shelves provide ample space for folded garments, shoes, handbags, and various accessories. The bottom garment rod can be easily removed to accommodate longer items such as dresses or gowns, maximizing vertical storage.

## MAINTENANCE

---

To ensure the longevity and appearance of your Whitmor Freestanding Closet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the metal frame and shelves with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by drying with a clean cloth. Avoid abrasive cleaners or harsh chemicals, as they may damage the finish.
- **Inspection:** Periodically check all connections to ensure they remain tight and secure. If any part feels loose, gently re-tap it into place with a rubber mallet.
- **Weight Distribution:** Distribute weight evenly across the garment rods and shelves to prevent undue stress on any single point. Adhere to the maximum recommended load capacity.

## TROUBLESHOOTING

---

If you encounter any issues with your freestanding closet, consider the following:

- **Instability/Wobbling:** Ensure all poles are fully inserted into their connectors. A rubber mallet can help achieve a snug fit. Verify that the unit is placed on a flat, level surface. While designed to be freestanding, for maximum stability, especially with heavy loads, consider anchoring the unit to a wall if possible (anchoring hardware not included).
- **Parts Not Fitting:** Double-check the assembly instructions to ensure you are using the correct poles and connectors for each section. Some poles may have slightly different diameters at their ends, and some connectors are specific to middle sections. If a piece does not fit easily, do not force it; re-evaluate the orientation or part selection.
- **Insufficient Hanging Space:** If long garments drag, ensure the lower garment rod has been removed.

## SPECIFICATIONS

---

Feature	Detail
Product Dimensions	19.5"D x 48"W x 73"H
Number of Shelves	5
Special Feature	Shoe Rack
Style	Clothes Closet Stand
Assembly Required	Yes
Recommended Uses	Clothes storage
Item Weight	18.4 Pounds
Installation Type	Freestanding
Maximum Recommended Load (per bar)	25 Pounds
