Kaz HC2000

Kaz SmartTemp Dual Action Hot & Cold Pad (Model HC2000) User Manual

Brand: Kaz | Model: HC2000

1. Introduction

The Kaz SmartTemp Dual Action Hot & Cold Pad provides versatile therapeutic relief for various types of pain and injuries. This innovative pad offers both hot and cold therapy, designed to maintain optimal temperatures for up to 30 minutes of treatment. Its integrated strap ensures the pad stays securely in place, allowing for targeted relief on areas such as the knee, elbow, and shoulder.

Image: The SmartTemp Dual Action Hot & Cold Pad, showcasing its design and packaging. The pad is red with a blue insert, and the box highlights its dual-action pain relief capabilities.

Key Features:

- Dual action pain relief: Provides both hot and cold therapy.
- Therapeutic benefits: Heat increases blood flow, while cold reduces inflammation.
- Flexible application: Suitable for sports injuries, joint pain, and arthritis.

- Dimensions: Measures 9 inches by 13 inches.
- Convenient: Portable, reusable, and requires no cords or plugs.

2. Safety Information

WARNING: Failure to follow these instructions may result in burns, injury, or product damage.

- Avoid prolonged use and do not use while sleeping.
- Keep away from direct heat sources.
- Do not immerse the pad in water.
- Allow the pad to cool completely before storing.
- Keep out of reach of children and pets.
- Do not apply to broken skin, open wounds, or areas of severe swelling.
- If the pad breaks or tears, discard it immediately and use a new one.
- Do not apply for more than 15-20 minutes at a time.

3. Operating Instructions

3.1. Hot Therapy Application

For moist heat therapy, follow these steps:

1. Ensure the pad is at room temperature.
2. Place the pad in the center of a microwave.
3. Heat for 1-2 minutes. Adjust heating time based on microwave wattage (e.g., 1200W: 45 seconds, 1000W: 1 minute, 800W: 1 minute 15 seconds, 600W: 1 minute 30 seconds).
4. If your microwave does not have a turntable, rotate the pad 90 degrees halfway through the heating time.
5. Test the pad prior to use. If it is too hot, allow to cool to desired temperature.
6. Place the heated pad on the desired area and secure with the integrated strap.

Image: The product box illustrating how to heat the pad in a microwave and cool it in a freezer, along with examples of its multiple uses on different body parts.

3.2. Cold Therapy Application

For cold compress therapy, follow these steps:

1. Place the pad in the freezer for 15-30 minutes.
2. The pad will remain flexible when frozen.
3. Place the cooled pad on the desired area and secure with the integrated strap.

3.3. Video Demonstration: ThermiPaq Hot/Cold Therapy Wrap

Your browser does not support the video tag.

Video: An official product video demonstrating the features and application of a ThermiPaq Hot/Cold Therapy Wrap, which functions similarly to the SmartTemp pad. It shows how the wrap can be used for various body parts and highlights its flexibility.

4. Maintenance

4.1. Cleaning

Clean the pad with mild soap and water. Air dry completely before storage or reuse.

4.2. Storage

Store the pad at room temperature when not in use. If storing in the freezer, ensure it is placed in a protective bag to prevent freezer burn or contamination.

5. Troubleshooting

If the pad does not reach the desired temperature after heating, check your microwave's wattage and adjust heating time accordingly. If the pad becomes too hot, allow it to cool before application. If swelling of the pad is observed while heating, turn off the microwave immediately and wait for swelling to go down before opening the oven.

6. Specifications

Feature	Detail
Product Dimensions	4.8 x 3.05 x 9.3 inches
Item Weight	1.1 Pounds
Item Model Number	HC2000
Manufacturer	Kaz Inc
ASIN	B007HITHQ6
First Available Date	December 16, 2011

Image: The product box providing a summary of features, including the model number HC2000 and a 1-year limited warranty.

7. Warranty and Support

7.1. Warranty Information

This product comes with a 1-year limited warranty from the manufacturer, Kaz Inc. Please retain your proof of purchase for warranty claims.
