Billy Goat Standard Turf Bag 840189 User Manual

For Use With Billy Goat MV650SPH Series

[Introduction](#)

[Safety](#)

[Setup](#)

[Operation](#)

[Maintenance](#)

[Troubleshooting](#)

[Specifications](#)

[Warranty & Support](#)

1. INTRODUCTION

This manual provides essential instructions for the proper installation, operation, and maintenance of your Billy Goat Standard Turf Bag, part number 840189. This turf bag is specifically designed for use with Billy Goat MV650SPH series outdoor power equipment. Please read this manual thoroughly before use to ensure safe and efficient operation and to prolong the life of your product.

Figure 1: Billy Goat Standard Turf Bag, part number 840189. This image shows the beige fabric bag with the green Billy Goat logo and "PROFESSIONAL VACUUM" text, featuring a black top edge and a black side panel.

2. SAFETY INFORMATION

Always prioritize safety when working with outdoor power equipment and its accessories. Failure to follow safety instructions can result in serious injury or property damage.

- **Read the MV650SPH Manual:** Before installing or using this turf bag, thoroughly read and understand the entire operator's manual for your Billy Goat MV650SPH vacuum.
- **Inspect Before Use:** Always inspect the turf bag for any signs of wear, tears, or damage before each use. Do not use a damaged bag.
- **Proper Installation:** Ensure the turf bag is securely attached to the vacuum according to the instructions provided in this manual and the MV650SPH operator's manual. An improperly installed bag can detach during operation.
- **Empty Regularly:** Do not overfill the bag. Overfilling can reduce vacuum performance, strain the equipment, and potentially cause the bag to burst.
- **Wear Protective Gear:** Always wear appropriate personal protective equipment (PPE), including eye protection, hearing protection, and sturdy footwear, when operating the vacuum.
- **Engine Off:** Always turn off the vacuum engine and allow all moving parts to stop before installing, removing, emptying, or performing any maintenance on the turf bag.

3. SETUP AND INSTALLATION

This section details the steps for installing the Standard Turf Bag (840189) onto your Billy Goat MV650SPH series vacuum.

1. **Prepare the Vacuum:** Ensure the Billy Goat MV650SPH vacuum is turned off, the engine is cool, and the spark plug wire is disconnected to prevent accidental starting.
2. **Remove Old Bag (if applicable):** If replacing an existing bag, carefully unlatch or unclip the old bag from the vacuum's discharge chute. Refer to your MV650SPH manual for specific removal instructions.
3. **Position the New Bag:** Align the opening of the new Standard Turf Bag (840189) with the discharge chute of the MV650SPH vacuum.
4. **Secure the Bag:** Attach the bag to the vacuum's frame or discharge chute using the existing clips, latches, or fastening mechanisms on your MV650SPH model. Ensure all attachment points are firmly secured to prevent the bag from detaching during operation. The bag should fit snugly without excessive gaps.
5. **Verify Installation:** Gently tug on the installed bag to confirm it is securely fastened and will not come loose during use.

Note: Specific attachment methods may vary slightly depending on the exact MV650SPH sub-model. Always consult your vacuum's operator manual for detailed diagrams and instructions.

4. OPERATING INSTRUCTIONS

Once the turf bag is securely installed, you can operate your Billy Goat MV650SPH vacuum as usual. Pay attention to the following points for optimal performance and bag longevity:

- **Monitor Fill Level:** Regularly check the fill level of the turf bag. As the bag fills, the vacuum's efficiency may decrease.
- **Emptying the Bag:**
 - a. Turn off the vacuum engine and wait for all moving parts to stop.
 - b. Disconnect the spark plug wire for added safety.
 - c. Carefully unlatch or unclip the bag from the vacuum.
 - d. Empty the collected debris into a suitable waste receptacle.
 - e. Reattach the bag securely before resuming operation.
- **Avoid Sharp Objects:** While the bag is durable, avoid vacuuming sharp objects that could puncture or tear the fabric.

5. MAINTENANCE

Regular maintenance of your turf bag will ensure its effectiveness and extend its lifespan.

- **Cleaning:**
 - After each use, shake out any remaining debris from the bag.
 - Periodically, or when the bag appears clogged, clean the bag thoroughly. This can be done by hosing it down with water. Allow the bag to air dry completely before reattaching it to the vacuum or storing it.
 - Do not use harsh chemicals or abrasive cleaners, as these can damage the fabric.
- **Inspection:** Regularly inspect the bag for:
 - Tears, holes, or frayed seams.
 - Damage to the attachment points or frame.
 - Excessive wear that could compromise its ability to contain debris.

Replace the bag immediately if significant damage is found.

- **Storage:** Store the turf bag in a clean, dry place away from direct sunlight and extreme temperatures when not in use.

6. TROUBLESHOOTING

This section addresses common issues related to the turf bag.

Problem	Possible Cause	Solution
Poor debris collection / Reduced vacuum suction	Bag is full or clogged with fine dust.	Empty the bag. Clean the bag thoroughly by hosing it down and allowing it to dry completely.
Bag detaches during operation	Improper installation; latches/clips not secured.	Turn off vacuum, reattach bag ensuring all fastening points are secure. Refer to Section 3.
Bag is torn or damaged	Impact with sharp objects; excessive wear.	Replace the bag with a genuine Billy Goat Standard Turf Bag (part number 840189).

7. SPECIFICATIONS

- **Product Name:** Standard Turf Bag
- **Part Number:** 840189
- **Brand:** Billy Goat
- **Compatibility:** Billy Goat MV650SPH Series
- **Material:** Durable fabric (specific composition not provided)
- **Approximate Weight:** 0.01 ounces (as per product data, likely shipping weight or package weight, actual bag weight may vary slightly)
- **Batteries Required:** No

8. WARRANTY & SUPPORT

For specific warranty information regarding your Billy Goat Standard Turf Bag (840189), please refer to the warranty documentation included with your original Billy Goat MV650SPH vacuum or contact Billy Goat customer support directly. Warranty terms typically cover manufacturing defects and material flaws under normal use.

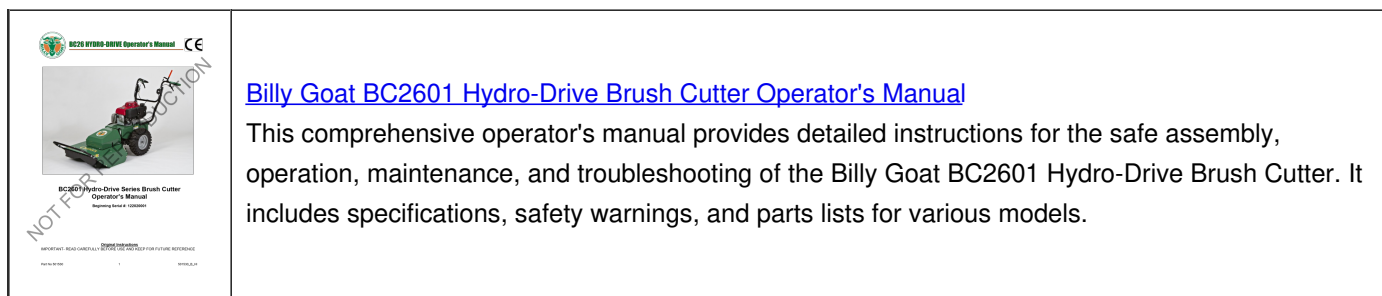

For technical assistance, replacement parts, or further inquiries, please visit the official Billy Goat website or contact an authorized Billy Goat service dealer.
