

Moen 87650SRS

Moen Anabelle 87650SRS Kitchen Faucet with Side Spray Instruction Manual

Model: 87650SRS | Brand: Moen

INTRODUCTION

This manual provides comprehensive instructions for the installation, operation, maintenance, and troubleshooting of your Moen Anabelle 87650SRS Kitchen Faucet with Side Spray. Please read this manual thoroughly before installation and retain it for future reference. The Moen Anabelle faucet is designed to offer reliable performance and a refined aesthetic for your kitchen.

SAFETY INFORMATION

- Always turn off the main water supply before beginning any installation or maintenance.
- Wear appropriate personal protective equipment, such as safety glasses, during installation.
- Ensure all connections are secure to prevent leaks.
- If you are unsure about any part of the installation, consult a qualified plumber.
- This product complies with Americans with Disabilities Act (ADA) specifications and meets current legislation, including AB1953 (California) and S152 (Vermont) for safe drinking water.

PRODUCT FEATURES

- **Spot Resist Stainless Finish:** Engineered to resist fingerprints and water spots, maintaining a cleaner appearance.
- **Single-Handle Lever:** Provides effortless control over water temperature and flow.
- **Included Side Spray:** Offers convenient and powerful cleaning at the sink.
- **Aerated Stream:** Delivers a steady, splash-free water flow for daily tasks.
- **High-Arc Spout:** Provides ample clearance for large pots and pans.
- **Single Hole Mount:** Designed for a clean, integrated look on custom countertops.
- **Certified Safe:** Complies with Federal Safe Drinking Water Act and NSF 61 standards.

SPECIFICATIONS

Brand	Moen
Model Name	Moen 87650SRS
Finish Type	Spot Resist Stainless
Material	Metal
Number of Handles	1
Installation Type	Single Hole
Spout Height	11.06 Inches
Spout Reach	7.84 Inches
Item Weight	7.05 pounds
Product Dimensions	10.25"D x 9"W x 15.75"H

Spout Reach

8.13"

Height

15.75"

Maximum Deck Thickness - 2.50"

Deckplate Included
Side Sprayer Included - 4.75"

Connection Size - 3/8"

2 or 4 Hole Installation

Figure 1: Moen Anabelle Faucet Dimensions and Installation Details.

SETUP AND INSTALLATION

Before you begin, ensure you have all necessary tools and components as listed in the product packaging. Turn off the water supply to your kitchen sink at the shut-off valves located under the sink. If no shut-off valves are present, turn off the main water supply to your home.

Installation Steps:

1. **Prepare the Sink:** Clean the mounting surface thoroughly. If replacing an old faucet, remove it and clean any residue.
2. **Install the Deck Plate (if applicable):** If your sink has multiple holes and you are using the included deck plate, place it over the sink holes.
3. **Mount the Faucet:** Insert the faucet body through the center hole in the sink or deck plate. Secure it from underneath the sink using the provided mounting hardware (washer and mounting nut). Tighten firmly but do not overtighten.

4. **Connect Water Supply Lines:** Connect the hot and cold water supply lines from the faucet to your home's water supply valves. Ensure connections are hand-tight, then use a wrench for a quarter turn. Do not overtighten.
5. **Install Side Spray:** Insert the side spray hose through its designated hole. Connect the side spray hose to the faucet's spray port.
6. **Test for Leaks:** Slowly turn on the main water supply. Check all connections for leaks. Run the faucet for a few minutes to flush out any debris and check for proper operation.

Figure 2: Moen Anabelle Kitchen Faucet with Side Spray.

OPERATING INSTRUCTIONS

- **Water Flow Activation:** Lift the single-handle lever to turn on the water flow.
- **Temperature Control:** Move the lever to the left for hot water and to the right for cold water.
- **Flow Adjustment:** Adjust the height of the lever to control the water flow intensity.
- **Side Spray Operation:** To use the side spray, ensure the main faucet is running. Press the button on the side spray handle to activate the spray function. Release the button to stop the spray.
- **Swivel Spout:** The high-arc spout can swivel from side to side, allowing for flexible use across multiple sink basins.

MAINTENANCE AND CLEANING

Regular cleaning and maintenance will ensure the longevity and optimal performance of your Moen Anabelle faucet.

- **Spot Resist Finish:** The Spot Resist Stainless finish is designed to minimize fingerprints and water spots. To clean, simply wipe with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the finish.
- **General Cleaning:** Use mild soap and water with a soft cloth. Rinse thoroughly and dry with a soft towel to prevent water spots.
- **Aerator Cleaning:** If water flow decreases, the aerator may be clogged. Unscrew the aerator from the end of the spout, clean any debris, and reattach.

MOEN®

Spot Resist™ Technology

Keep your faucet looking cleaner with a finish that resists fingerprints and water spots.

WITH SPOT RESIST

WITHOUT SPOT RESIST

TROUBLESHOOTING

Problem	Possible Cause	Solution
Low Water Flow	Clogged aerator, partially closed shut-off valves.	Clean the aerator. Ensure shut-off valves are fully open.
Leaking from Spout	Worn cartridge.	Replace the faucet cartridge. Refer to Moen's website for replacement parts and instructions.
Leaking at Connections	Loose connections, worn washers.	Tighten connections. Replace worn washers or O-rings.

Side Spray Not Working	Clogged spray head, kinked hose.	Clean the spray head. Check the hose for kinks and straighten if necessary.
