# Mattel Tumblin' Monkeys Game Instruction Manual

Model: 52563

## 1. PRODUCT OVERVIEW

The Mattel Tumblin' Monkeys Game is an exciting and engaging game designed for children aged 4 years and up. The objective is to remove sticks from the tree without letting the monkeys fall. This game promotes strategic thinking and fine motor skills, offering hours of fun for multiple players.

### Key Features:

- Fun and engaging gameplay.
- Designed for optimal and suitable results.
- Constructed from quality plastic material.

## 2. SETUP INSTRUCTIONS

Follow these steps to assemble your Tumblin' Monkeys Game:

1. Carefully remove all components from the packaging: the clear plastic tree trunk, the palm tree top, the base, the monkeys, the colored sticks, and the die.
2. Attach the clear plastic tree trunk to the yellow base by aligning the tabs and twisting gently until secure.
3. Insert the palm tree top onto the top of the clear plastic trunk.
4. Insert the colored sticks through the holes in the tree trunk, creating a web across the inside of the tree. Ensure the sticks are pushed through far enough to support the monkeys.
5. Drop all the monkeys into the top of the tree. They should hang from the sticks.
6. Place the die and any fallen monkeys in the designated areas on the base.

### 3. OPERATING (HOW TO PLAY)

The goal of Tumblin' Monkeys is to collect the fewest monkeys. The player with the fewest monkeys at the end of the game wins.

### Gameplay:

1. The youngest player goes first. Play proceeds clockwise.
2. On your turn, roll the colored die.
3. You must remove one stick of the color shown on the die from any level of the tree. If there are no sticks of that color, you must remove any stick you choose.
4. Carefully pull the stick out. Any monkeys that fall through the tree and land on the base are collected by you.
5. Place the removed stick aside.
6. Your turn ends after you have removed one stick.
7. The game continues until all the monkeys have fallen from the tree.

### Winning the Game:

Once all monkeys have fallen, each player counts the number of monkeys they collected. The player with the fewest monkeys wins the game.

## 4. MAINTENANCE

To ensure the longevity and cleanliness of your Mattel Tumblin' Monkeys Game, follow these simple maintenance guidelines:

- **Cleaning:** Wipe all plastic components with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners, as these may damage the plastic. Ensure all parts are completely dry before storing.
- **Storage:** Store the game in its original box or a suitable container in a cool, dry place away from direct sunlight. This will prevent discoloration and warping of the plastic components.

- **Inspection:** Periodically inspect all game pieces for any signs of wear or damage. Discontinue use if any parts are broken or compromised.

## 5. TROUBLESHOOTING

If you encounter any issues while playing the Tumblin' Monkeys Game, consider the following common solutions:

- **Monkeys falling too easily during setup:** Ensure all colored sticks are fully inserted through the tree trunk, creating a dense enough web to support the monkeys.
- **Sticks difficult to insert or remove:** Check for any debris in the holes of the tree trunk. Ensure sticks are inserted straight and not at an angle.
- **Missing pieces:** Carefully check the game box and surrounding area. If pieces are genuinely missing, refer to the "Warranty and Support" section for assistance.
