Melissa & Doug Jumbo Jigsaw Floor Puzzle Set Instruction Manual

[Visit the Melissa & Doug Store](#)

PRODUCT OVERVIEW

The Melissa & Doug Jumbo Jigsaw Floor Puzzle Set includes two distinct puzzles, each composed of 48 extra-thick cardboard pieces. One puzzle features a vibrant solar system scene, while the other depicts a detailed underwater environment. Each completed puzzle measures approximately 2 feet by 3 feet (91.4 cm x 61 cm).

These puzzles are designed to encourage problem-solving skills, hand-eye coordination, and visual perception. The large, durable pieces are easy for small hands to manipulate, and their easy-clean surface helps maintain their appearance over time.

Both the Solar System and Underwater puzzles completed, showcasing their vibrant artwork and large size.

SETUP AND PREPARATION

1. **Unboxing:** Carefully remove the two puzzle boxes from the packaging. Each box contains one 48-piece floor puzzle.
2. **Choose a Play Area:** Select a clean, flat, and spacious surface for assembly, such as a floor or a large table. Ensure there is enough room for the 2x3 foot completed puzzle.
3. **Separate Pieces:** Open one puzzle box at a time. Gently empty the pieces onto the chosen play surface. It is recommended to work on one puzzle at a time to avoid mixing pieces.
4. **Orient Pieces:** Turn all puzzle pieces face-up to easily identify colors, patterns, and shapes.

PLAYING WITH YOUR PUZZLES

The Melissa & Doug Jumbo Jigsaw Floor Puzzles are designed for engaging and educational play. Follow these steps for assembly:

1. **Start with Edges:** Begin by finding all the straight-edged pieces. These pieces form the border of the puzzle and provide a framework for assembly.
2. **Sort by Color/Theme:** Group inner pieces by color, pattern, or specific elements of the image (e.g., planets for the Solar System puzzle, fish for the Underwater puzzle). This helps in identifying where pieces might fit.
3. **Connect Pieces:** Look for interlocking shapes and matching images to connect pieces. The extra-thick cardboard pieces are designed for easy handling and secure fitting.
4. **Explore the Scenes:** As you assemble the Solar System puzzle, identify the Sun, Earth, Moon, and other planets like Mercury, Venus, Mars, Jupiter, Saturn, Uranus, and Neptune. For the Underwater puzzle, discover various marine life and coral formations.

– NURTURE HEALTHY IMAGINATIONS –

Doctor's Orders

Pediatricians say play with classics like blocks and puzzles can support early math skills*

Skills at Play

Puzzle play encourages logical thinking, goal setting, and patience

100% Screen-Free

Melissa & Doug toys are a great alternative to screen time

CARE AND MAINTENANCE

- **Cleaning:** The puzzle pieces feature an easy-clean surface. To clean, gently wipe with a damp cloth. Avoid abrasive cleaners or excessive moisture.
- **Storage:** After play, disassemble the puzzles and return the pieces to their original boxes. Store the boxes in a dry place away from direct sunlight and extreme temperatures to prevent warping or damage.
- **Handling:** While the pieces are extra-thick and durable, avoid bending or forcing them to prevent damage.

TROUBLESHOOTING

- **Missing Pieces:** In the rare event of a missing piece, please contact Melissa & Doug customer support for assistance.
- **Damaged Pieces:** If a puzzle piece becomes damaged during normal play, the durable cardboard construction is designed to withstand repeated use. For significant damage, refer to the warranty information.
- **Difficulty Assembling:** If a child is struggling, encourage them to focus on smaller sections, sort pieces by color, or work together with an adult or another child.
