### 4. SETUP AND INSTALLATION

**Tools Required:** Screwdriver, wire strippers, pliers, ladder, voltage tester.

6. **Crystal Assembly:** Attach the decorative acrylic crystals and chains to the chandelier body. Refer to the product images or the included diagram for the correct placement of each component. This step requires patience.
7. **Bulb Installation:** Screw in three compatible E14 bulbs (not included) into the lamp holders. Do not overtighten.
