

Elmer's EPIX602

Elmer's X-ACTO X602 No. 2 Bulk Pack Blades User Manual

Model: EPIX602

INTRODUCTION

This manual provides essential information for the safe and effective use of Elmer's X-ACTO X602 No. 2 Bulk Pack Blades. These precision-crafted blades are designed for a variety of tasks requiring accuracy and ease of cutting. Please read this manual thoroughly before use.

SAFETY INFORMATION

WARNING: X-ACTO blades are extremely sharp. Use with caution. Always wear safety goggles when handling or using these blades.

- Always handle blades by the dull edge or base.
- Keep blades out of reach of children and pets.
- Use appropriate X-ACTO knife handles designed for No. 2 blades.
- Dispose of dull or broken blades safely in a puncture-resistant container.
- Do not apply excessive force, which can cause the blade to snap or slip.
- Always cut away from your body.

SETUP

1. **Select Appropriate Handle:** Ensure you are using an X-ACTO knife handle compatible with No. 2 blades.

2. **Blade Insertion:**

- Carefully loosen the chuck or collar of your X-ACTO knife handle.
- Grasp the new No. 2 blade by its dull base.
- Insert the blade's shank into the chuck, ensuring it is fully seated and aligned.
- Tighten the chuck securely until the blade is firmly held and does not wobble. Do not overtighten.

3. **Blade Removal:**

- Carefully loosen the chuck.
- Using a pair of pliers or a blade removal tool, grasp the dull base of the blade and pull it straight out. Avoid touching the sharp edge.

- Immediately place the used blade into a designated safe disposal container.

OPERATING INSTRUCTIONS

X-ACTO No. 2 blades are versatile and ideal for precision cutting in various materials. Always use a cutting mat to protect your work surface.

General Cutting Tips:

- **Material Compatibility:** These blades are suitable for cutting paper, cardstock, thin plastic, film, and other light to medium-density materials.
- **Angle of Cut:** Hold the knife at a shallow angle (around 30-45 degrees) for optimal cutting performance and control.
- **Multiple Passes:** For thicker materials, make several light passes rather than one deep cut. This reduces strain on the blade and improves accuracy.
- **Straight Cuts:** Use a metal ruler or straight edge as a guide for precise straight cuts.
- **Curved Cuts:** For intricate curves, rotate the material as you cut, rather than trying to maneuver the knife in a tight arc.

Image: Top view of the X-ACTO X602 No. 2 Bulk Pack Blades box, indicating it's a 100-pack.

MAINTENANCE

- **Clean Blades:** After use, gently wipe any adhesive or debris from the blade using a soft cloth. Avoid touching the sharp edge.
- **Storage:** Store unused blades in their original packaging or a dedicated blade dispenser to prevent accidental cuts and protect them from damage. The blue oxidized finish provides rust resistance.
- **Replace Dull Blades:** A dull blade requires more force, increasing the risk of slippage and injury. Replace blades as soon as they show signs of dullness or damage.

TROUBLESHOOTING

Common Issues:

- **Blade Wobbles in Handle:** Ensure the chuck is tightened sufficiently. If the blade still wobbles, check if the blade shank is clean and free of debris, or if the handle's chuck mechanism is worn.
- **Blade Not Cutting Cleanly:** The blade is likely dull. Replace it with a new one. Ensure you are using the correct cutting technique and a suitable cutting surface.
- **Blade Snaps Easily:** This can be due to excessive force, cutting overly thick or hard materials, or a dull blade. Always use light pressure and make multiple passes for thicker materials. Replace dull blades promptly.

SPECIFICATIONS

Feature	Detail
Model Number	EPIX602
Blade Type	No. 2 Precision Blades
Quantity	100 blades per box
Material	High-quality Carbon Steel
Finish	Blue Oxidized (for rust resistance)
Item Weight	0.81 ounces (approximate for the box)
Product Dimensions	2.8 x 2 x 0.6 inches (box dimensions)

WARRANTY AND SUPPORT

Elmer's X-ACTO X602 No. 2 Bulk Pack Blades are manufactured to high-quality standards. For specific warranty information or support inquiries, please refer to the official Elmer's or X-ACTO website, or contact their customer service directly. Keep your purchase receipt for any warranty claims.
