2. Initial Power On

Press the Power button to turn on the device. Follow the on-screen prompts for initial setup, which may include language selection and time settings.

3. Connecting to a Computer (Learning Lodge)

To expand the device's content, connect your MobiGo 2 to a computer to access the VTech Learning Lodge Navigator. This

platform allows you to download additional games, e-books, and apps.

- Visit vtechkids.com/download to download the Learning Lodge Navigator software.
- Install the software on your computer.
- Connect your MobiGo 2 to your computer using a USB cable (not included).
- Follow the on-screen instructions in the Learning Lodge Navigator to register your device and download content.

OPERATING INSTRUCTIONS

Interaction Modes

The MobiGo 2 offers four primary ways to play and interact:

- **Touch Screen:** Use the stylus or your finger to interact directly with on-screen elements.
- **QWERTY Keyboard:** Slide out the keyboard for typing activities and game controls. This helps familiarize children with keyboard layouts.
- **Motion Sensor:** Tilt and move the device to control games that respond to motion.
- **Microphone:** Use the built-in microphone for sound-activated games and activities.

Core Functions

- **Games:** Play pre-loaded games or download new ones from the Learning Lodge. Games cover subjects like basic math, vocabulary, spelling, reading, and logic.
- **E-Reader:** Access interactive e-books for reading and comprehension.
- **Art Studio & Coloring Book:** Engage in creative activities, drawing, and coloring directly on the device.
- **Photo Album & Viewer:** View and manage photos, potentially adding special effects.

MAINTENANCE

Cleaning

Wipe the device with a soft, slightly damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the device is dry before use.

Battery Care

The MobiGo 2 can consume batteries quickly. It is recommended to use high-quality alkaline batteries or invest in rechargeable AA batteries and an appropriate charger to ensure continuous play.

TROUBLESHOOTING

Device Not Powering On

- Check if the batteries are correctly installed with the proper polarity.

- Replace old batteries with new ones.
- Ensure the battery compartment cover is securely closed.

Screen or Keyboard Malfunctions

- If the screen goes black or the device freezes, try removing and reinserting the batteries to perform a hard reset.
- For unresponsive keyboard keys, ensure no debris is lodged beneath them. If issues persist, contact customer support.

Sound Issues

- Check the volume control on the device.
- Ensure the microphone is not obstructed if experiencing issues with sound-activated features.
