LG AG-F310DP

LG AG-F310DP 3D Glasses User Manual

Model: AG-F310DP

1. INTRODUCTION

The LG AG-F310DP 3D Glasses are designed to enhance your viewing experience with compatible LG Dual Play ready devices. These passive 3D glasses allow two players to view separate full-screen content simultaneously on a single LG Smart TV, providing an immersive gaming experience without split-screen limitations. They also support passive 3D viewing for compatible 3D content.

Image: LG AG-F310DP 3D Glasses, front view. This image displays the LG AG-F310DP 3D Glasses, designed for use with compatible LG Dual Play ready devices.

2. PACKAGE CONTENTS

Please check the package for the following items:

- 2 x LG AG-F310DP Dual Play Glasses

3. SETUP

The LG AG-F310DP 3D Glasses are passive and do not require batteries or charging. They are ready for use directly out of the package.

1. **Unpack:** Carefully remove the glasses from their packaging.
2. **Compatibility Check:** Ensure your LG Smart TV or display device is compatible with LG Dual Play technology.

These glasses are designed for use with dual play ready devices from LG.

3. **Ready to Use:** No further setup or pairing is required. Simply put on the glasses when using a compatible Dual Play or passive 3D feature on your LG display.

4. OPERATING INSTRUCTIONS

These glasses utilize passive 3D technology, which means they work by filtering different images to each eye, creating a 3D effect or enabling the Dual Play feature.

4.1. Using Dual Play

The Dual Play technology allows two players to enjoy full-screen gaming simultaneously on a single LG Smart TV. Each player sees their own perspective in full screen, eliminating the need for a split screen.

1. **Activate Dual Play:** On your compatible LG Smart TV, enable the Dual Play feature through the TV's settings or game mode menu. Refer to your TV's user manual for specific instructions on activating Dual Play.
2. **Wear Glasses:** Each player should wear one pair of LG AG-F310DP glasses. The glasses are designed to filter the specific image intended for each player.
3. **Enjoy:** The dual play technology shows you content on your LG Smart TV in full screens at the same time. So you can play with two players and experience double gaming fun.

4.2. General 3D Viewing

For general passive 3D content, simply wear the glasses when your compatible LG TV is displaying 3D content. The TV will automatically process the image for 3D viewing through the glasses.

- **Optimal Viewing:** For the best 3D and Dual Play experience, sit directly in front of the TV at a recommended viewing distance as specified in your TV's manual.
- **Comfort:** Ensure the glasses are worn comfortably and securely on your face.

5. MAINTENANCE

Proper care will ensure the longevity and performance of your 3D glasses.

- **Cleaning:** Use a soft, clean, lint-free cloth (e.g., a microfiber cloth) to gently wipe the lenses. Do not use abrasive cleaners, alcohol, or chemical solvents, as these can damage the lens coating.
- **Storage:** Store the glasses in a protective case or pouch when not in use to prevent scratches and dust accumulation. Avoid exposing them to direct sunlight, high temperatures, or extreme humidity.
- **Handling:** Avoid touching the lenses with your fingers to prevent smudges. Handle the glasses by the frame.

6. TROUBLESHOOTING

If you encounter issues with your LG AG-F310DP 3D Glasses, please refer to the following common solutions:

- **No 3D Effect / Dual Play Not Working:**
 - Ensure your LG TV is a Dual Play ready or passive 3D compatible model.
 - Verify that the Dual Play or 3D mode is correctly activated on your TV.
 - Check that the content you are viewing is compatible with Dual Play or 3D.
 - Ensure the glasses are worn correctly and are not damaged.

- **Blurred or Distorted Image:**
 - Clean the lenses of the glasses with a soft, lint-free cloth.
 - Adjust your viewing distance and angle relative to the TV.
 - Ensure the TV screen is clean and free from smudges.
- **Discomfort While Wearing:**
 - Take breaks during extended viewing sessions.
 - Ensure the glasses are positioned correctly on your nose and ears.

7. SPECIFICATIONS

Model Number	AG-F310DP
Product Dimensions	1614.17 x 6771.64 x 2677.16 inches
Item Weight	0.705 ounces
ASIN	B007YQSI5C
Manufacturer	LG Electronics Deutschland GmbH (Parent)
