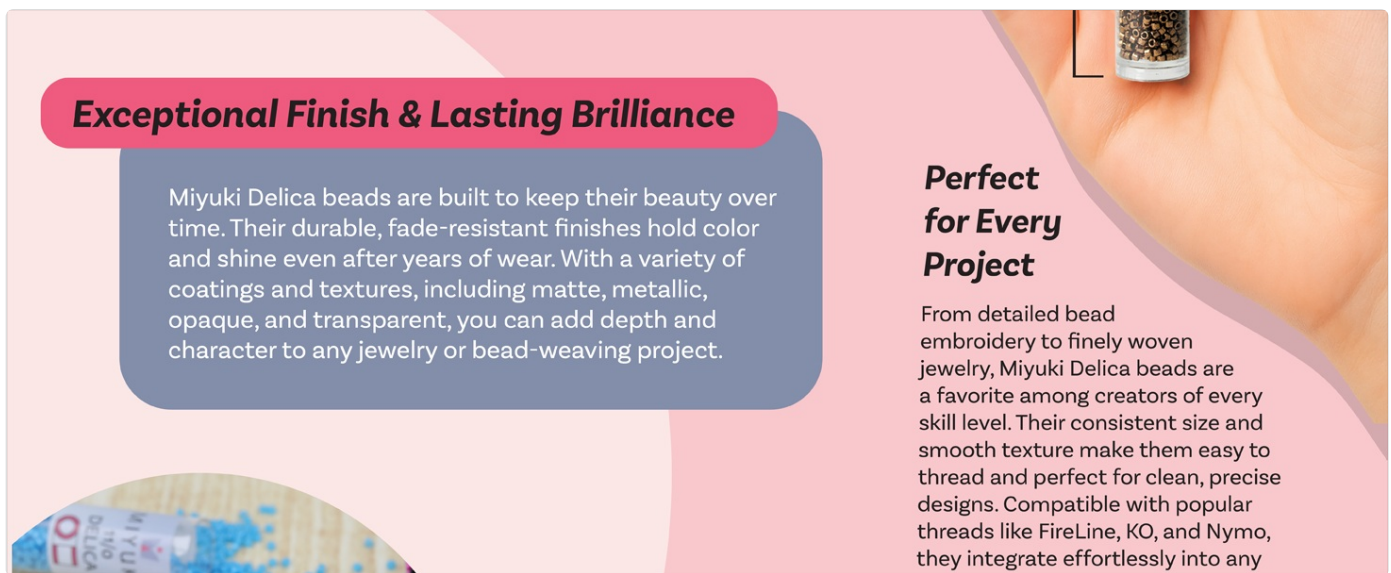

Image 3: Visual examples of various bead coatings and a size comparison of a bead bottle in hand, demonstrating the product's finish options and scale.

3. USAGE GUIDELINES

Miyuki Delica beads are versatile and suitable for a wide range of crafting techniques. Their precise shape makes them ideal for projects requiring high detail and uniformity.

3.1 Recommended Techniques

- **Bead Weaving:** Perfect for loom work, peyote stitch, brick stitch, and other off-loom bead weaving techniques due to their consistent shape and size.
- **Bead Embroidery:** The uniform nature allows for smooth, even embroidery patterns.
- **Jewelry Making:** Suitable for creating necklaces, bracelets, earrings, and other beaded accessories.

3.2 Thread Compatibility

These beads are compatible with popular beading threads such as FireLine, KO, and Nymo. Ensure your chosen needle and thread size are appropriate for the 0.8 mm bead hole for smooth crafting.

project or technique.

What will you create?

Designed for Artists, Loved by Makers

Miyuki Delica beads are more than simple materials—they're made to bring your ideas to life. Trusted by jewelry makers and designers around the world, each bead reflects the care and precision that define Miyuki's reputation for quality. From your very first project to your most ambitious design, you can rely on Miyuki to deliver consistency, color, and craftsmanship every time.

Please note: Colors may vary slightly due to screen and lighting differences.

4. CARE AND MAINTENANCE

Miyuki Delica beads are designed for lasting beauty. To ensure their brilliance and color integrity over time, follow these simple care guidelines:

- **Storage:** Store beads in a cool, dry place away from direct sunlight to prevent potential fading or damage to finishes.
- **Cleaning:** If necessary, gently wipe finished beadwork with a soft, dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Handling:** While durable, excessive friction or impact can damage the bead surface or finish. Handle with care during crafting and wear.

5. SPECIFICATIONS

Feature	Detail
Brand	Miyuki

Color	Lined Aqua Mist
Size	11/0 (1.6 mm)
Shape	Cylindrical
Item Weight	7.2 Grams (approximate)
Number of Pieces	Approx. 1440 beads
Manufacturer	Miyuki
UPC	790524676071

6. TROUBLESHOOTING

Miyuki Delica beads are manufactured to high standards, minimizing common issues. However, if you encounter difficulties during your project, consider the following:

- **Inconsistent Bead Size:** While rare, if you find a bead that doesn't fit your pattern, it may be an anomaly. Discard it and use another.
- **Thread Not Passing Through:** Ensure your needle and thread size are appropriate for the 0.8 mm bead hole. Using a beading needle specifically designed for seed beads can help.
- **Color Variation:** Please note that colors may vary slightly due to screen and lighting differences. For critical color matching, it is recommended to view physical samples if possible.

7. WARRANTY AND SUPPORT

Miyuki is committed to producing high-quality glass beads. For any concerns regarding product quality or manufacturing defects, please contact your retailer or Miyuki's official support channels. Keep your purchase receipt as proof of purchase.
