SBS TE0CBA700

SBS V2.1 + EDR Bluetooth Hands-Free Car Kit (Model: TE0CBA700) Instruction Manual

INTRODUCTION

This manual provides essential instructions for the safe and efficient use of your SBS V2.1 + EDR Bluetooth Hands-Free Car Kit. Please read this manual thoroughly before using the device and keep it for future reference.

The SBS Bluetooth Hands-Free Car Kit allows for safe and convenient communication while driving. Its quick installation, user-friendly controls, and clear audio quality make it an ideal companion for your smartphone in the car. Featuring multipoint technology, it can connect to two mobile phones simultaneously.

SAFETY PRECAUTIONS

- Keep batteries out of reach of children.
- Do not expose batteries to extreme temperatures.
- Do not dispose of batteries in fire or water.
- Store batteries in a cool, dry place when not in use.
- Always prioritize road safety. Do not operate the device in a way that distracts you from driving.

PRODUCT FEATURES

- Bluetooth Hands-Free calling
- Up to 6 hours of talk time
- Connect up to 2 mobile phones simultaneously (Multipoint technology)
- Includes car charger
- Up to 100 hours of standby time
- Integrated clip for sun visor installation

PACKAGE CONTENTS

The package typically includes:

- SBS V2.1 + EDR Bluetooth Hands-Free Car Kit
- Car Charger
- User Manual

SETUP

1. Charging the Device

Before first use, fully charge the hands-free kit. Connect the included car charger to the device's charging port and plug it into your vehicle's cigarette lighter socket. The LED indicator will show charging status.

2. Mounting the Device

The device features an integrated clip for easy installation. Attach the clip securely to your vehicle's sun visor, ensuring it does not obstruct your view or interfere with driving controls.

3. Pairing with Your Mobile Phone (First Device)

1. Ensure the hands-free kit is charged and turned off.
2. Press and hold the Power button until the LED indicator flashes blue and red, indicating pairing mode.
3. On your mobile phone, enable Bluetooth and search for available devices.
4. Select "SBS Car Kit" (or similar name) from the list of devices.
5. If prompted, enter the PIN code "0000" (four zeros).
6. Once paired, the LED indicator will flash blue slowly.

4. Pairing with a Second Mobile Phone (Multipoint)

The device supports multipoint technology, allowing connection to two phones simultaneously.

1. After successfully pairing the first phone, turn off the hands-free kit.
2. Turn off Bluetooth on the first paired phone.
3. Repeat steps 2-5 from "Pairing with Your Mobile Phone" to pair the second phone.
4. Once the second phone is paired, reactivate Bluetooth on the first phone. Both phones should now be connected to the hands-free kit.

OPERATING INSTRUCTIONS

Power On/Off

- **To Power On:** Press and hold the Power button until the LED indicator flashes blue.
- **To Power Off:** Press and hold the Power button until the LED indicator turns off.

Making and Receiving Calls

- **Answering a Call:** When a call comes in, press the Answer/End Call button once.
- **Ending a Call:** During a call, press the Answer/End Call button once.
- **Rejecting a Call:** When a call comes in, press and hold the Answer/End Call button for 2 seconds.
- **Redialing Last Number:** In standby mode, double-press the Answer/End Call button.
- **Voice Dialing:** In standby mode, press the Answer/End Call button once to activate your phone's voice assistant (if supported).

Volume Control

- **Increase Volume:** Press the "+" button.
- **Decrease Volume:** Press the "-" button.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the device. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in constant use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not turn on.	Battery is discharged.	Charge the device using the provided car charger.
Cannot pair with phone.	Bluetooth is off on phone; device not in pairing mode; too far from phone.	Ensure phone's Bluetooth is on. Put device in pairing mode (flashing blue/red LED). Keep phone within 1 meter of the device during pairing.
Poor audio quality.	Low battery; interference; device too far from mouth.	Charge the device. Move away from other electronic devices. Ensure the device is positioned correctly on the sun visor.
Multipoint connection issues.	Incorrect pairing sequence.	Follow the multipoint pairing instructions carefully, ensuring Bluetooth is temporarily off on the first phone when pairing the second.
