

Pentax K-30

Pentax K-30 Digital SLR Camera Instruction Manual

Model: K-30

INTRODUCTION

This manual provides detailed instructions for the safe and effective operation of your Pentax K-30 Digital SLR camera. The Pentax K-30 is a weather-sealed 16 MP CMOS Digital SLR camera designed for high-quality image capture in various conditions. Please read this manual thoroughly before using your camera and keep it for future reference.

1. SETUP AND PREPARATION

1.1 Unboxing and Package Contents

Verify that all items are present in the package:

- Pentax K-30 Camera Body
- Rechargeable Lithium-ion Battery (D-LI109)
- Battery Charger
- Instruction Manual (this document)
- Body Mount Cap
- Eyecup
- Hot Shoe Cover
- Strap
- USB Cable
- Software CD-ROM

1.2 Battery Installation and Charging

The Pentax K-30 uses a D-LI109 rechargeable Lithium-ion battery. An optional D-BH109 AA Battery Holder allows the use of four AA-size batteries.

1. Open the battery compartment cover located at the bottom of the camera.
2. Insert the D-LI109 battery with the correct orientation, ensuring it clicks into place.
3. Close the battery compartment cover securely.
4. To charge the battery, insert it into the provided charger and connect the charger to a power outlet. The charging indicator will show the charging status.

Image: Bottom view of the Pentax K-30 camera, highlighting the battery compartment door and tripod mount.

1.3 Memory Card Installation

The camera supports SD, SDHC, and SDXC memory cards.

1. Locate the memory card slot on the side of the camera.
2. Open the memory card slot cover.
3. Insert the memory card with the label facing the front of the camera until it clicks into place.
4. Close the memory card slot cover securely.

1.4 Attaching a Lens

The K-30 is compatible with Pentax K-mount lenses.

1. Remove the body mount cap from the camera and the rear lens cap from the lens.
2. Align the red index mark on the lens with the red index mark on the camera body.
3. Insert the lens into the camera mount and turn it clockwise until it locks into place with a click.

Image: Front view of the Pentax K-30 camera body, showing the lens mount and grip.

1.5 Initial Power On

Turn the power switch, located around the shutter button, to the 'ON' position. Follow the on-screen prompts to set the date, time, and language.

2. OPERATING THE CAMERA

2.1 Camera Controls Overview

Familiarize yourself with the main controls of the Pentax K-30.

Image: Top view of the Pentax K-30, displaying the mode dial, power switch, shutter button, and front/rear e-dials.

Image: Rear view of the Pentax K-30, showing the 3-inch LCD monitor, optical viewfinder, and various control buttons including ISO, WB, AF, and Menu.

Image: Side view of the Pentax K-30, illustrating the AF/MF switch and the RAW/Fx multi-function button.

2.2 Shooting Modes

The mode dial on the top of the camera allows selection of various shooting modes:

- **Auto Picture (AUTO):** Camera automatically selects the optimal settings.
- **Program (P):** Automatic exposure with manual shift of shutter speed and aperture.
- **Shutter Priority (Tv):** Manually set shutter speed, camera sets aperture.
- **Aperture Priority (Av):** Manually set aperture, camera sets shutter speed.
- **Shutter & Aperture Priority (TAv):** Manually set shutter speed and aperture, camera sets ISO.

- **Manual (M):** Full manual control over shutter speed and aperture.
- **Sensitivity Priority (Sv):** Manually set ISO, camera sets shutter speed and aperture.
- **Bulb (B):** For long exposures where the shutter remains open as long as the button is pressed.
- **Scene (SCN):** Select from 19 preset scene modes (e.g., Portrait, Landscape, Macro).
- **Movie:** For video recording.
- **User (U1, U2):** Custom settings can be saved and recalled.

2.3 Autofocus System

The K-30 features the SAFOX IXi+ AF sensor module with 11 focus points, 9 of which are cross-type. The AF system supports:

- **Single-Servo AF (AF-S):** For stationary subjects.
- **Continuous-Servo AF (AF-C):** For moving subjects.
- **Automatic AF (AF-A):** Camera automatically selects AF-S or AF-C.
- **Manual Focus (MF):** For precise manual control.
- **Expanded Area AF:** Tracks moving subjects even if they move out of the initial focus area.

2.4 Image Stabilization (SR)

The PENTAX-developed Sensor-shift Shake Reduction (SR) mechanism is built into the camera body, providing approximately four shutter steps of compensation. This system works with all PENTAX K-mount compatible lenses, including older film-era lenses. It also includes an Automatic Horizon Correction function and a Composition Adjustment function.

2.5 Live View and Focus Peaking

Activate Live View via the dedicated button on the camera's rear. The K-30 offers a smooth 60 frames per second Live View display. For manual focusing, the **Focus Peaking** function highlights in-focus areas on the LCD screen, aiding in precise focus adjustment.

2.6 Video Recording

The K-30 supports Full HD video recording (1920x1080 pixels) at 30, 25, or 24 frames per second, using H.264 compression. 720p video can be recorded at up to 60 FPS. PENTAX Shake Reduction also functions during video recording. Creative effects can be applied using Custom Image modes or Interval Movie Shooting.

2.7 Creative Image Functions

Enhance your images with various in-camera tools:

- **Custom Image Function:** Select from 11 settings like Bleach Bypass or Cross Process.
- **Digital Filters:** Apply 19 creative filters such as Miniature. Multiple filters can be applied to a single image.

2.8 High-Speed Burst Shooting

Capture fast-moving subjects at approximately 6 frames per second (JPEG format).

3. MAINTENANCE AND CARE

3.1 Weather Sealing

The K-30 features 81 seals, making it weather, dust, and cold resistant (down to 14°F / -10°C). While robust, avoid submerging the camera in water or exposing it to extreme conditions unnecessarily. Ensure all covers (battery, memory card, terminal) are securely closed when operating in adverse weather.

3.2 Dust Removal (DR) Mechanism

The camera is equipped with a DR (Dust Removal) mechanism that shakes dust off the surface of the CMOS image sensor. This function can be activated manually via the menu or set to operate automatically upon power-on/off.

3.3 Cleaning

- **Camera Body:** Wipe with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and then dry thoroughly.
- **Lens:** Use a lens brush or blower to remove dust. For smudges, use a lens cleaning solution and a microfiber cloth.
- **LCD Monitor:** Use a soft, dry cloth. Avoid pressing hard on the screen.
- **Image Sensor:** If dust persists after using the DR mechanism, consult a professional service center. Do not attempt to clean the sensor yourself unless you are experienced with sensor cleaning tools.

3.4 Battery Care

- Store batteries in a cool, dry place when not in use.
- Avoid fully discharging the battery frequently to prolong its lifespan.
- If using AA batteries with the optional holder, ensure they are of the same type and charge level.

4. TROUBLESHOOTING

This section addresses common issues you might encounter with your Pentax K-30 camera.

4.1 Power Issues

- **Camera does not turn on:**
 - Check if the battery is correctly inserted and fully charged.
 - If using AA batteries, ensure they are fresh and correctly oriented.
 - Ensure the power switch is fully in the 'ON' position.
- **Battery drains quickly:**
 - Reduce LCD brightness.
 - Limit Live View usage.
 - Turn off the camera when not in use.
 - Consider purchasing a spare battery.

4.2 Image Quality Issues

- **Images are blurry:**
 - Ensure the lens is properly focused.
 - Check shutter speed; use a faster shutter speed in low light or for moving subjects.
 - Verify that Shake Reduction (SR) is enabled if needed.
 - Clean the lens and sensor if smudges or dust are visible.
- **Images are too dark or too bright**
 - Adjust exposure compensation.
 - Check ISO sensitivity settings.
 - Ensure the correct metering mode is selected for the scene.

4.3 Focusing Issues

- **Autofocus is slow or inaccurate:**

- Ensure sufficient light for the AF system.
- Check the AF mode (AF-S for still, AF-C for moving subjects).
- Clean lens contacts and camera mount contacts.

- **Difficulty with manual focus:**

- Utilize the Focus Peaking function in Live View for assistance.
- Consider using an optional focusing screen if available for your model.

4.4 Viewfinder and LCD Issues

- **Viewfinder is difficult to see through:**

- Adjust the diopter correction dial next to the viewfinder.
- Ensure the eyecup is clean.

- **LCD screen is hard to see in bright sunlight**

- Increase LCD brightness (if possible).
- Use the optical viewfinder for framing and focusing.

5. SPECIFICATIONS

Feature	Detail
Model Name	Pentax K-30
Sensor Type	CMOS, APS-C size
Effective Still Resolution	16.1 MP
Image Stabilization	Sensor-shift (SR mechanism)
ISO Sensitivity	100-12,800 (expandable to 25,600)
Autofocus System	SAFOX IXi+ (11 points, 9 cross-type)
Continuous Shooting	Approx. 6 frames per second
Video Resolution	Full HD 1080p (30/25/24 fps), 720p (up to 60 fps)
LCD Monitor	3.0-inch, 921,000 dots
Viewfinder	Optical (Pentaprism, 100% field of view, 0.92x magnification)
Shutter Speed	1/6000 to 30 seconds, Bulb
Storage Media	SD/SDHC/SDXC memory card
Power Source	D-LI109 Lithium-ion battery or 4x AA batteries (with optional D-BH109 holder)
Connectivity	USB, EyeFi (wireless technology)
Dimensions (approx.)	Item Height: 3.82 inches
Weight (approx.)	1.4 Pounds (body only)

Feature	Detail
Environmental Resistance	Weather-sealed, dustproof, cold-resistant (-10°C/14°F)

6. WARRANTY INFORMATION

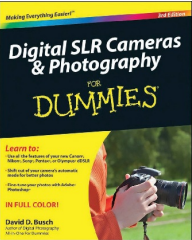

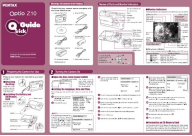

The Pentax K-30 camera comes with a **1-year warranty** covering parts and labor. Please retain your proof of purchase for warranty claims. For detailed terms and conditions, refer to the warranty card included with your product or contact Pentax customer support.

7. SUPPORT AND CONTACT

For further assistance, technical support, or service inquiries, please visit the official Pentax support website or contact their customer service department. You can also find more information and accessories at the [Pentax Brand Store](#).
