# Brillo Heavy Duty Steel Wool Soap Pads Instruction Manual

Model: 23366

## 1. PRODUCT OVERVIEW

Brillo Heavy Duty Steel Wool Soap Pads are designed for demanding cleaning tasks, effectively removing tough grease and grime. These pads feature an original grease-fighting soap and an anti-rust formula to resist rust. Their iconic square shape allows for easy access to corners, and bonded edges help maintain the pad's shape for improved surface cleaning. Each pad contains 2X the soap and 2X more wool compared to original Brillo Soap Pads, ensuring enhanced cleaning power.

## 2. SAFETY INFORMATION

---

- Always wear protective gloves when using steel wool soap pads to prevent skin irritation or cuts.
- For delicate or highly polished surfaces, always test the pad on an inconspicuous area first to ensure no scratching or damage occurs.
- Keep out of reach of children and pets.
- Avoid contact with eyes. In case of contact, rinse thoroughly with water.

## 3. SETUP AND PREPARATION

---

Brillo Heavy Duty Steel Wool Soap Pads are pre-loaded with soap, requiring minimal preparation before use.

1. **Unpack:** Remove a single soap pad from the packaging.
2. **Wet:** Wet the pad with water to activate the soap. Squeeze gently to create lather.

## 4. OPERATING INSTRUCTIONS

These pads are versatile and can be used across various surfaces for heavy-duty cleaning.

#### 4.1 General Cleaning

1. Wet the pad and squeeze to create lather.
2. For tough jobs, scrub across the grain of the surface.
3. For delicate or highly polished surfaces, test on an inconspicuous area first.
4. Rinse the cleaned surface thoroughly with water after scrubbing.

#### 4.2 Recommended Applications

Brillo Heavy Duty Steel Wool Soap Pads are effective for:

- **Cookware:** Pots, pans, silverware, dishes & bowls, bakeware, glassware, utensils.
- **Indoors:** Stovetops & ovens, burners, tile floors, countertops, stainless-steel sinks, glass shower doors.
- **Outdoors:** Barbecue grills, tire/wheels, machinery & tools, outdoor patio furniture, golf clubs.

Image 4.1: A Brillo pad effectively cleaning baked-on food from a glass baking dish.

## 5. MAINTENANCE

After use, rinse the pad thoroughly to remove any debris. Allow the pad to dry completely before storing to

prolong its life and prevent rust. Store in a dry place.

Image 5.1: Used Brillo pads showing soap residue, indicating they are ready for rinsing and drying.

## 6. TROUBLESHOOTING

- **Pad not lathering:** Ensure the pad is adequately wet. Squeeze it gently under running water to activate the soap.
- **Stubborn stains remain:** Apply more pressure and scrub in a circular motion. For extremely tough, baked-on messes, allow the pad to sit on the stain for a few minutes with a small amount of water before scrubbing.
- **Rust on pad:** The pads contain an anti-rust formula, but prolonged exposure to moisture can still lead to rust. Ensure pads are dried thoroughly after each use and stored in a dry environment.

## 7. SPECIFICATIONS

Feature	Detail
Product Dimensions	3 x 2.35 x 3 inches

Item Weight	0.64 ounces
Manufacturer	Brillo
Item Model Number	23366
Date First Available	June 29, 2017

## **8. WARRANTY AND SUPPORT**

---

For product inquiries, support, or information regarding potential warranties, please contact the manufacturer, Brillo, directly. Refer to the product packaging for the most current contact information or visit the official Brillo website.
