 - 1 Thimble
 - 1 Threader
 - 1 Pair of Scissors
 - 1 Measuring Tape
 - 1 Seam Ripper
 - 12 Assorted Buttons
 - 10 Colorful Headpins
 - 1 Convenient Storage Bag

Figure 1: The Euro-Pro DRESSMAKER 2 SEWING CENTER shown with its comprehensive 100-piece accessory kit, including various threads, bobbins, needles, and sewing tools.

SETUP

1. **Power Connection:** Connect the provided AC/DC adapter to the sewing machine and a suitable power outlet. Alternatively, for portable use, insert four AA batteries (not included) into the battery compartment, ensuring correct polarity.
2. **Initial Threading:** The unit arrives pre-threaded for immediate use. If re-threading is required, refer to the threading diagrams typically found on the machine's body or in a separate quick-start guide.
3. **Illumination:** The built-in sewing light automatically illuminates the sewing area when the machine is powered on, providing clear visibility for detailed work.

OPERATING INSTRUCTIONS

The DRESSMAKER 2 SEWING CENTER is designed for ease of use across various fabric types, from denim to delicate silk.

- **Stitch Control:** Utilize the thread-tension knob to adjust the tension for different fabric weights and thread types.
- **Stitch Length:** Select your desired stitch length using the three-position stitch-length dial.
- **Sewing Speeds:** The machine offers two sewing speeds: **Normal** and **High**. Choose the appropriate speed based on your project's complexity and your comfort level.
- **Reverse Sewing:** Engage the reverse sewing function for reinforcing stitches at the beginning and end of seams, ensuring durability.

- **Fabric Handling:** Place your fabric under the presser foot. Lower the presser foot before starting to sew. Guide the fabric gently; do not pull or push forcefully.

MAINTENANCE

Regular maintenance ensures optimal performance and extends the life of your sewing machine.

- **Cleaning:** Periodically clean lint and dust from the bobbin area and feed dogs using a small brush. Ensure the machine is unplugged before cleaning.
- **Needle Replacement:** Replace needles regularly, especially when working with new projects or if the needle shows signs of dullness or bending. Use appropriate needle types for your fabric.
- **Storage:** When not in use, store the sewing machine in a clean, dry place, away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

This section addresses common issues you might encounter. For problems not listed here, please contact customer support.

Problem	Possible Cause	Solution
Machine not powering on	Power adapter not connected, batteries depleted, or incorrect battery insertion.	Check AC/DC adapter connection. Replace AA batteries if using battery power, ensuring correct polarity.
Skipped stitches	Incorrect needle, bent needle, or improper threading.	Ensure the correct needle type is used for the fabric. Replace bent or dull needles. Re-thread the machine carefully, following the threading path.
Thread breakage	Incorrect thread tension, poor quality thread, or burrs on needle/machine parts.	Adjust thread tension. Use good quality thread. Inspect needle and thread path for rough spots.

SPECIFICATIONS

Feature	Detail
Model Number	SG_B0085Q4YTY_US
Brand	Euro-Pro
Product Dimensions (Unit)	4"D x 7.5"W x 7"H (10.16 cm D x 19.05 cm W x 17.78 cm H)
Item Weight (Unit)	4 Pounds (1.81 kg)
Material	Plastic
Color	White
Power Source	AC/DC Adapter (included) or 4 AA Batteries (not included)
Is Electric	Yes
UPC	622356518383
