- Do not allow children to climb on or play with the bed frame.
- Distribute weight evenly on the bed.

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, contact customer support.

- Footboard (with integrated storage drawers)
- Side Rails (2)
- Slat Roll
- Hardware Pack (bolts, washers, nuts, screws, Allen wrench)

## SETUP AND ASSEMBLY

---

Assembly typically requires two adults. Tools required: Included Allen wrench, Phillips head screwdriver (not included).

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface (e.g., a blanket or carpet) to prevent scratching.
2. **Attach Side Rails to Headboard:** Align the side rails with the pre-drilled holes on the headboard. Secure them using the provided bolts, washers, and nuts. Do not fully tighten yet.
3. **Attach Side Rails to Footboard:** Connect the other end of the side rails to the footboard, aligning holes and securing with bolts, washers, and nuts.
4. **Tighten All Hardware:** Once all four corners are connected, carefully stand the bed frame upright. Systematically tighten all bolts using the Allen wrench until secure. Do not overtighten.
5. **Install Slat Roll:** Unroll the slat roll across the bed frame, ensuring the slats are evenly spaced and secured to the side rails using the provided screws. Some slat rolls may have pre-drilled holes or Velcro for alignment.
6. **Verify Stability:** Gently shake the assembled bed frame to ensure it is stable and all connections are secure.

## OPERATING INSTRUCTIONS (STORAGE DRAWERS)

---

The Primo Vista bed features integrated storage drawers in the footboard for convenient organization.

- **Opening Drawers:** Gently pull the bar pulls to slide the drawers open.
- **Closing Drawers:** Push the drawers back into the frame until they are fully closed and flush with the footboard.
- **Weight Capacity:** Avoid overloading the drawers. Distribute items evenly to prevent strain on the drawer slides. Refer to specifications for maximum weight capacity if available.

## MAINTENANCE AND CARE

---

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage

the finish.

- **Dusting:** Regularly dust with a dry, soft cloth.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the wood finish.
- **Humidity Control:** Maintain a consistent humidity level in the room to prevent wood from expanding or contracting excessively.
