	Troubleshooting	Specifications	Warranty & Support		

1. INTRODUCTION

This manual provides essential information for the assembly, operation, and maintenance of your Broyhill Hayden Place King Panel Storage Bed. This traditionally styled bed features a Light Toasted Brown Cherry Finish, crafted from hardwood solids and select wood veneers, and includes integrated storage drawers. Please read this manual thoroughly before assembly and retain it for future reference.

Image 1.1: The Broyhill Hayden Place King Panel Storage Bed, showcasing its traditional design, brown cherry finish, and integrated storage drawers at the footboard. The bed is adorned with bedding and pillows, set within a bedroom environment.

2. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury and damage to the product:

- Always assemble the bed on a soft, clean surface to prevent scratching.
- Ensure all hardware is securely tightened before use. Periodically check and re-tighten as necessary.
- Do not allow children to climb on or play with the bed structure or drawers.
- Distribute weight evenly on the bed frame. Do not exceed the recommended weight capacity (refer to specifications).
- Keep small parts and assembly hardware away from children and pets.
- Use only the provided hardware or manufacturer-approved replacements.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Headboard (1)
- Storage Footboard (1)
- Side Rails (2)
- Slat Roll (1)
- Hardware Pack (1) - *Contains all necessary screws, bolts, and tools for assembly.*

Note: A box spring is NOT required for this bed model.

4. SETUP & ASSEMBLY

Assembly typically requires two adults. Please follow the detailed assembly instructions provided in the separate assembly guide included with your product. General steps include:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging and lay them out on a protected surface. Compare with the package contents list.
2. **Attach Side Rails to Headboard:** Securely fasten the side rails to the headboard using the provided hardware.
3. **Attach Side Rails to Footboard:** Connect the other end of the side rails to the storage footboard. Ensure all connections are tight and stable.
4. **Install Slat Roll:** Unroll the slat roll across the bed frame and secure it to the side rails according to the instructions. This provides mattress support.
5. **Insert Storage Drawers:** If not pre-assembled, insert the storage drawers into the footboard mechanism. Ensure they glide smoothly.
6. **Final Check:** Verify that all bolts and screws are tightened, and the bed frame is stable and level before placing a mattress on it.

For detailed, step-by-step instructions, refer to the dedicated assembly manual provided in your product packaging.

5. OPERATION OF STORAGE DRAWERS

The Hayden Place King Panel Storage Bed features integrated storage drawers in the footboard, designed for convenient access and organization.

- **Opening Drawers:** Gently pull the antique brass knobs to open the drawers. The full extension metal glides ensure smooth operation.
- **Closing Drawers:** Push the drawers back into the footboard until they are fully closed and flush with the bed frame.
- **Loading Drawers:** Distribute items evenly within the drawers. Avoid overloading to prevent damage to the glides or drawer structure.
- **Felt Lined Top Drawers:** The top drawers are felt-lined, ideal for storing delicate items.

6. MAINTENANCE AND CARE

Proper care will help maintain the beauty and longevity of your Hayden Place bed:

- **Cleaning:** Dust regularly with a soft, dry cloth. For spills, wipe immediately with a clean, damp cloth and then dry thoroughly. Avoid harsh chemicals, abrasive cleaners, or silicone-based polishes.
- **Sunlight Exposure:** Avoid placing the bed in direct sunlight for prolonged periods, as this can cause fading or cracking of the wood finish.
- **Humidity:** Maintain a consistent humidity level in your room to prevent wood from expanding or contracting excessively.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Drawer Glides:** If drawers become stiff, a small amount of silicone spray on the glides can improve smoothness.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware connections.	Check and tighten all bolts and screws, especially at the headboard, footboard, and side rail connections.
Drawers are difficult to open or close.	Overloaded drawer; debris in glides; misaligned glides.	Remove some items from the drawer. Clean glides. Ensure drawers are properly seated on glides. Check for bent glides.
Squeaking noises from the bed.	Loose connections; friction between parts.	Tighten all hardware. Apply a small amount of wax or silicone spray to contact points between slats and rails if friction is suspected.
Wood finish appears dull or dry.	Lack of regular cleaning/conditioning; environmental factors.	Clean with a soft, damp cloth. Consider using a furniture polish specifically designed for wood, following product instructions.

8. SPECIFICATIONS

- **Product Name:** Hayden Place King Panel Storage Bed
- **Model Number:** 4648-264/267/460/4999-707
- **Brand:** Broyhill
- **Finish:** Light Toasted Brown Cherry
