

SmartSign S-5257-PI-14

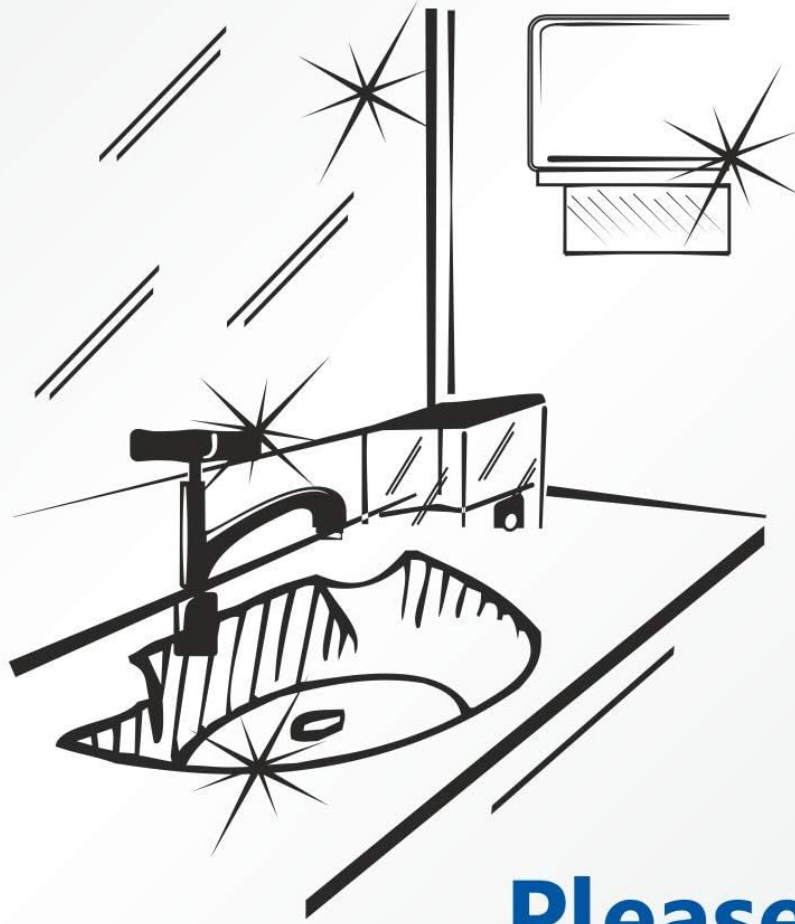

SmartSign S-5257-PI-14 Instruction Manual

"This Is Your Restroom Please Keep It Clean" Sign

1. PRODUCT OVERVIEW

The SmartSign S-5257-PI-14 is a durable plastic sign designed to convey a clear message regarding restroom cleanliness. Measuring 10" x 14", this sign features a black/blue on white color scheme, ensuring high visibility and readability. It is suitable for both indoor and outdoor environments, providing a long-lasting solution for maintaining hygiene standards.

This is Your Restroom

Please Keep it Clean

2. KEY FEATURES

- **Durable Plastic Construction:** Manufactured from 55 mil thick HDPE (high-density polyethylene), this sign is built to withstand various conditions and can last up to 2 years outdoors. The base material is 100% recyclable.
- **Easy Installation:** The sign comes with pre-punched and pre-cleared mounting holes, facilitating

quick and easy installation on walls, fence posts, or doors. It is versatile for both indoor and outdoor applications.

- **Rounded Corners:** Designed with rounded, burr-free corners, the sign ensures safe handling and contributes to a professional appearance and extended product life.
- **Digital Printing and Overcoating:** Plastic signs are digitally printed and overcoated for additional protection, making them resistant to water and chemicals.

Video: This video demonstrates the durability, flexibility, and installation features of SmartSign plastic signs, including the 55 mil thickness, rounded corners, and pre-drilled holes.

3. SETUP AND INSTALLATION

Installing your SmartSign is a straightforward process due to its pre-drilled holes.

1. **Choose Location:** Select a visible location for the sign, such as a wall, door, or fence post, where the message can be clearly seen by intended viewers.
2. **Prepare Surface:** Ensure the mounting surface is clean and free of debris.
3. **Mounting:** Align the sign's pre-drilled holes with your desired mounting points. Use appropriate fasteners (screws, nails, zip ties, etc., not included) suitable for your chosen surface. Secure the sign firmly to prevent movement.
4. **Verify Placement:** After installation, confirm that the sign is level and securely attached.

4. MAINTENANCE

The SmartSign S-5257-PI-14 requires minimal maintenance to retain its appearance and effectiveness.

- **Cleaning:** Periodically wipe the sign with a soft, damp cloth to remove dust, dirt, or smudges. For stubborn marks, a mild soap solution can be used. Avoid abrasive cleaners or harsh chemicals that could damage the sign's surface or printing.
- **Inspection:** Regularly inspect the sign and its mounting points for any signs of wear, damage, or loosening. Re-secure or replace fasteners as needed.

5. TROUBLESHOOTING

Most issues with the sign are related to installation or environmental factors.

| Problem | Possible Cause | Solution |
|-----------------------------|---|---|
| Sign is loose or falling | Improperly secured fasteners; fasteners not suitable for surface. | Re-secure fasteners. Use appropriate fasteners for the mounting surface (e.g., wall anchors for drywall, longer screws for wood). |
| Sign appears dirty or faded | Accumulation of dirt/grime; prolonged exposure to extreme elements. | Clean with a soft, damp cloth and mild soap. While durable, extreme prolonged exposure to harsh UV or chemicals can eventually affect appearance. |

| Problem | Possible Cause | Solution |
|----------------------------|--|---|
| Sign is cracked or damaged | Physical impact; extreme temperature fluctuations (less common with HDPE). | Replace the sign. Ensure it is not in an area prone to physical impact. |

6. SPECIFICATIONS

| Attribute | Detail |
|-------------------|---|
| Model Number | S-5257-PI-14 |
| Brand | SmartSign |
| Dimensions | 10" x 14" (14"L x 10"W) |
| Material | 55 mil thick High-Density Polyethylene (HDPE) Plastic |
| Color | Black/Blue on White |
| Mounting Type | Wall Mount (pre-drilled holes) |
| Item Weight | 4.9 ounces (0.14 Kilograms) |
| Manufacturer | Lyle Signs |
