MAAX 105520-R-000-001

MAAX Rectangular Acrylic Soaking Bathtub

Model: 105520-R-000-001

Brand: MAAX

PRODUCT OVERVIEW

The MAAX 105520-R-000-001 Rectangular Acrylic Soaking Bathtub is designed to complement both traditional and contemporary bathroom styles with its simple lines and modern aesthetic. This bathtub offers a comfortable and relaxing soaking experience, featuring a wide deck for versatile faucet placement and discreet armrests for enhanced comfort. Its durable acrylic construction ensures long-lasting performance and easy maintenance.

Front view of the MAAX Rectangular Acrylic Soaking Bathtub, showcasing its clean lines and white finish.

SETUP AND INSTALLATION

This MAAX bathtub is designed for alcove installation, providing a seamless fit into your bathroom layout. It features an integrated

tiling flange, simplifying the waterproofing process and ensuring a secure installation against tiled walls. The wide deck design offers flexibility for various faucet configurations, accommodating both original and standard plumbing setups.

- **Location Preparation:** Ensure the installation area is level, structurally sound, and properly prepared for an alcove bathtub.
- **Plumbing Connections:** Connect the drain and overflow assembly. The bathtub is equipped with a right-hand drain.
- **Faucet Installation:** Utilize the wide deck for optimal placement of your chosen faucet system.
- **Securing the Bathtub:** Secure the bathtub to the wall studs using appropriate fasteners through the integrated tiling flange.
- **Sealing:** Apply a waterproof sealant around the edges of the bathtub where it meets the walls and floor to prevent water infiltration.

For optimal results and to ensure compliance with local building codes, professional installation is highly recommended.

The MAAX bathtub seamlessly integrated into a modern bathroom setting, highlighting its alcove installation.

OPERATING THE BATHTUB

Using your MAAX soaking bathtub is straightforward. Simply fill the tub to your desired level using your installed faucet. The

generous 60-gallon capacity allows for a deep and immersive soak. The minimalist design includes discreet armrests, providing comfortable support during your bath. The textured floor enhances safety by providing a slip-resistant surface.

To drain the bathtub, operate the drain stopper mechanism, typically a push-button or lever type, located at the bottom of the tub. Ensure the overflow drain is clear to prevent accidental spills.

An overhead view of the bathtub's interior, showing the textured floor and faucet area.

MAINTENANCE AND CARE

To maintain the pristine appearance and longevity of your MAAX acrylic bathtub, follow these care guidelines:

- **Regular Cleaning:** Clean the bathtub regularly with a soft cloth or sponge and a non-abrasive, mild liquid household cleaner. Avoid using abrasive cleaners, scouring pads, or harsh chemicals, as these can damage the acrylic surface.
- **Stain Removal:** For stubborn stains, use a diluted solution of white vinegar and water. Rinse thoroughly after cleaning.
- **Preventing Scratches:** Do not place sharp or heavy objects directly on the bathtub surface. Avoid dragging items across the bottom.
- **Temperature:** Avoid pouring boiling water directly into the tub, as extreme temperature changes can affect the acrylic.
- **Drain Maintenance:** Periodically remove and clean the drain stopper to prevent clogs and ensure proper drainage.

Proper care will help preserve the high-gloss finish and extend the life of your bathtub.

TROUBLESHOOTING

Should you encounter any issues with your MAAX bathtub, consider the following common troubleshooting tips:

- **Slow Drainage:** Check the drain for hair or debris. Remove the stopper and clear any obstructions. If the issue persists, a plumbing professional may be needed.
- **Surface Scratches:** Minor surface scratches on acrylic can sometimes be buffed out with a specialized acrylic repair kit. For deeper scratches, professional repair may be required.
- **Water Leaks:** Inspect all plumbing connections for tightness. Ensure the tiling flange and sealant around the tub are intact. Leaks often require immediate attention from a qualified plumber.
- **Discoloration:** Ensure you are using only recommended cleaning products. Some chemicals or prolonged exposure to certain substances can cause discoloration. Consult the manufacturer's guidelines for approved cleaners.

For complex issues or if you are unsure about a repair, it is always best to contact a certified plumber or the manufacturer's customer support.

SPECIFICATIONS

Feature	Detail
Brand	MAAX
Model Number	105520-R-000-001
Color	White
Material	Acrylic
Product Dimensions (L x W x H)	59.75" x 32" x 17.75"
Shape	Rectangular
Installation Type	Alcove
Drain Position	Right Hand
Capacity	60 Gallons
Item Weight	155 Pounds
Special Features	Discreet armrests, textured floor, integrated tiling flange

WARRANTY AND SUPPORT

For detailed information regarding the warranty coverage for your MAAX bathtub, please refer to the documentation provided at the time of purchase or visit the official MAAX website. Warranty terms typically cover manufacturing defects and material integrity for a specified period.

Should you require technical assistance, parts, or have questions not covered in this manual, please contact MAAX customer support directly. Contact information can usually be found on the manufacturer's website or on your purchase receipt.

Important: Always ensure that any service or repair is performed by qualified professionals to maintain product integrity and warranty validity.
