## Bburago 12046GR

# Bburago Jaguar E Type Cabrio 1961 Scale 1:18 Model Instruction Manual

Model: 12046GR

## 1. Introduction

This instruction manual provides essential information for the Bburago Jaguar E Type Cabrio 1961 die-cast model, scale 1:18. This model is a detailed replica intended for display and collection. Please read this manual carefully to ensure proper handling, maintenance, and enjoyment of your model.

## 2. Setup and Unboxing

Upon receiving your Bburago Jaguar E Type model, carefully remove it from its packaging. The model is secured to prevent damage during transit.

1. **Unpacking:** Gently remove any tape or ties securing the model within its box. Avoid pulling directly on delicate parts such as mirrors or antennas.
2. **Base Removal:** If the model is attached to a display base with screws, carefully unscrew them from the underside of the base. Retain the screws and base for future display or storage if desired.
3. **Inspection:** Inspect the model for any visible damage that may have occurred during shipping. Contact the retailer if any issues are found.

## 3. Operating and Interactive Features

This die-cast model features several interactive components designed to replicate the original vehicle. Handle these parts with care to prevent damage.

- **Doors:** The driver and passenger doors can be opened. Gently pull the door handle outwards to open. Close by gently pushing the door until it clicks into place.
- **Hood (Bonnet):** The front hood can be opened to reveal the engine compartment. Locate the small latch or seam and gently lift. Close by gently lowering until it sits flush.
- **Trunk (Boot):** The rear trunk can be opened. Locate the small latch or seam and gently lift. Close by gently lowering until it sits flush.
- **Steering:** The front wheels are steerable. Gently turn the steering wheel inside the cabin or directly turn the front wheels to adjust their direction. Avoid excessive force.
- **Wheels:** The wheels are free-rolling. The model can be gently rolled on a flat surface.

## 4. Maintenance and Care

Proper care will preserve the appearance and longevity of your die-cast model.

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For stubborn dirt, lightly dampen a cloth with water (no harsh chemicals) and gently wipe. Avoid abrasive materials.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent paint fading and material degradation. Display cases are recommended for protection from dust and accidental damage.
- **Handling:** Always handle the model by its main body. Avoid touching delicate parts like mirrors, wipers, or antennas, as they can be fragile.

## 5. Troubleshooting

Most issues with die-cast models are related to handling or environmental factors.

- **Stiff Moving Parts:** If doors, hood, or trunk feel stiff, do not force them. A very small amount of silicone lubricant applied with a toothpick to the hinge mechanism may help, but proceed with caution to avoid staining paint.
- **Dust Accumulation:** Regular dusting as described in the Maintenance section is the best prevention. For dust in crevices, use a soft brush or compressed air (held at a distance).
- **Loose Parts:** If a small part becomes loose, it can often be reattached using a small amount of model-specific adhesive. Ensure the adhesive is suitable for plastic and metal without damaging paint.

## 6. Specifications

| | |
|---|---|
| **Brand:** | Bburago |
| **Model:** | Jaguar E Type Cabrio 1961 |
| **Model Number:** | 12046GR |
| **Scale:** | 1:18 |
