Sunbeam TSM8TS-R470-25B00

Sunbeam Royal Luxe Microplush Heated Throw Blanket Instruction Manual

Model: TSM8TS-R470-25B00

Brand: Sunbeam

IMPORTANT SAFEGUARDS

Please read all instructions carefully before using your Sunbeam Heated Throw Blanket. Failure to follow these instructions may result in fire, electric shock, or injury.

- Do not use with infants, children, incapacitated persons, or anyone insensitive to heat.
- Never use the blanket if the cord is damaged. Contact customer service for replacement.
- Do not use with alcohol or sedatives, as this may increase the risk of injury.
- Avoid tucking in, pinching, or folding the heating wires.
- Ensure the controller is not covered or placed under the blanket during use to prevent overheating.
- Always detach the controller before washing.
- This product is designed for indoor use only.

PRODUCT OVERVIEW

The Sunbeam Royal Luxe Microplush Heated Throw Blanket provides comforting warmth with its soft microplush fabric. It features an easy-to-use controller with multiple heat settings and an automatic shut-off for safety.

Key Features:

- **Material:** 100% high-quality Royal Luxe Microplush polyester for warmth and comfort.
- **Heat Settings:** 4 adjustable heat settings (Warm, Low, Medium, High) for customizable comfort.
- **Auto Shut-Off:** 4-hour automatic shut-off for added safety and peace of mind.
- **Overheat Protection:** Advanced wire technology senses and adjusts for continuous heat and safe operation with built-in overheat protection.
- **Easy Care:** Machine washable and dryer safe (controller must be detached).
- **Size:** Ideal 50" x 60" throw size.

SETUP INSTRUCTIONS

1. **Unpack:** Carefully remove the heated throw from its packaging.
2. **Inspect:** Check the blanket and power cord for any signs of damage. Do not use if damaged.
3. **Connect Controller:** Locate the connector on the blanket and the plug on the controller. Firmly

push the controller plug into the blanket connector until it clicks securely into place.

4. **Placement:** Lay the heated throw flat on a bed, couch, or chair. Ensure no part of the blanket is tucked, pinched, or folded tightly, as this can damage the heating wires.
5. **Power Connection:** Plug the power cord into a 120V AC electrical outlet.

OPERATING INSTRUCTIONS

Your Sunbeam Heated Throw Blanket is designed for simple and safe operation.

1. **Power On:** Press the power button on the controller to turn on the blanket. The indicator lights will illuminate.
2. **Select Heat Setting:** Use the heat setting button to cycle through the 4 available heat levels: Warm, Low, Medium, and High. Select your desired comfort level.
3. **Automatic Shut-Off:** The blanket is equipped with a 4-hour auto shut-off feature. It will automatically turn off after 4 hours of continuous use. To restart, simply press the power button again.

4. **Power Off:** To turn off the blanket manually, press the power button until all indicator lights are off. Unplug the blanket from the wall outlet when not in use.

CARE AND CLEANING

Proper care ensures the longevity and performance of your heated throw.

1. **Detach Controller:** ALWAYS detach the controller from the blanket before washing.
2. **Pre-Soak (Optional):** For best results, pre-soak the blanket for 15 minutes in mild soap and cold water.
3. **Machine Wash:** Machine wash on a gentle or delicate cycle in cold water (max 30°C / 86°F). Do not bleach.
4. **Rinse:** Rinse on a normal cycle.
5. **Machine Dry:** Tumble dry on low heat for 5-10 minutes. Remove while still damp and air dry completely over a clothesline or shower rod. Do not iron.
6. **Storage:** Store the blanket in a cool, dry place. Ensure it is completely dry before storing.

TROUBLESHOOTING

If your heated throw is not operating correctly, please refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Blanket not heating.	Controller not properly connected.	Ensure the controller is firmly plugged into the blanket connector.
Blanket not heating.	Power cord not plugged in.	Plug the power cord securely into a working electrical outlet.

Problem	Possible Cause	Solution
Blanket not heating.	Auto shut-off activated.	Press the power button on the controller to restart the blanket.
Blanket is too hot or not hot enough.	Incorrect heat setting.	Adjust the heat setting using the controller to your desired comfort level.
Controller lights flashing.	System error or malfunction.	Unplug the blanket from the outlet for 5 minutes, then plug it back in. If the issue persists, contact customer service.
