CubicFun S3017h

CubicFun 3D Titanic Puzzle Instruction Manual

Model: S3017h

1. INTRODUCTION

Thank you for choosing the CubicFun 3D Titanic Puzzle, Model S3017h. This instruction manual provides essential information for the safe and correct assembly and care of your 3D puzzle. This model is designed to be an engaging and educational building project, suitable for display once completed.

2. SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

Please ensure that all small parts are kept out of reach of young children to prevent accidental ingestion. Adult supervision is recommended during assembly, especially for younger users.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present. The package should contain:

- Pre-cut puzzle pieces (various sheets)
- Instruction sheet with diagrams
- Display stand components

4. SETUP AND ASSEMBLY

The CubicFun 3D Titanic Puzzle features an easy-to-assemble design that requires no scissors or glue, utilizing a unique slotting system. Follow the steps below for successful construction:

1. **Preparation:** Carefully detach all puzzle pieces from their sheets. It is recommended to organize pieces by number or type as indicated in the included instruction diagrams.
2. **Initial Assembly:** Begin by connecting the larger base sections of the ship. Refer to the numbered diagrams for the correct sequence and orientation of each piece.
3. **Hull Construction:** Gradually build up the hull of the Titanic by slotting the corresponding pieces together. Ensure each connection is secure.
4. **Deck and Superstructure:** Proceed to assemble the deck and superstructure elements, including

cabins and smokestacks. Pay close attention to the details and alignment.

5. **Final Details:** Attach any remaining small decorative pieces to complete the model.
6. **Display Stand:** Assemble the provided display stand and carefully place the finished Titanic model onto it.

5. OPERATING (DISPLAYING YOUR MODEL)

Once assembled, your CubicFun 3D Titanic Puzzle is ready for display. Place it on a stable, flat surface away from direct sunlight, excessive heat, or moisture to preserve its condition. The included stand ensures the model is presented securely and aesthetically.

6. MAINTENANCE

To keep your 3D puzzle in optimal condition:

- **Cleaning:** Gently dust the model with a soft, dry cloth or a soft brush. Avoid using water or cleaning solutions, as these may damage the material or printed surfaces.
- **Storage:** If disassembling for storage, do so carefully to avoid bending or tearing pieces. Store in a dry, cool place.
- **Handling:** Handle the model by its base or sturdy sections to prevent damage to delicate parts.

7. TROUBLESHOOTING

- **Pieces not fitting:** Ensure you are using the correct pieces for the current step by cross-referencing with the instruction diagrams. Do not force pieces together, as this may cause damage. Check for any bent tabs or slots.
- **Missing pieces:** Carefully check all packaging materials and the surrounding area. If a piece is genuinely missing, please contact CubicFun customer support.
- **Model instability:** Ensure all connections are fully slotted and secure. Verify that the display stand is correctly assembled and the model is balanced on it.

8. SPECIFICATIONS

Feature	Detail
Model Number	S3017h
Product Dimensions (Assembled)	11.42 x 1.57 x 3.94 inches
Item Weight	3.52 ounces

Manufacturer Recommended Age	6 years and up
Assembly Time (Approx.)	50-60 minutes (as per packaging)
