## Cambro 1100220

# Cambro Camtray Model 1100220 11-inch Round Serving Tray User Manual

Instructions for Use and Care

## 1. PRODUCT OVERVIEW

---

The Cambro Camtray Model 1100220 is an 11-inch round serving tray designed for various food service applications. Constructed from high-impact fiberglass with aluminum reinforced edges, this tray offers durability and resistance to stains, odors, and scratches. Its lightweight design facilitates easy handling, and the integrated Dri-Stak separators allow for quick drying when stacked.

## 2. SETUP AND INITIAL PREPARATION

---

Upon receiving your Cambro Camtrays, perform the following steps before initial use:

1. **Unpacking:** Carefully remove all trays from their packaging. Inspect each tray for any signs of damage during transit.
2. **Initial Cleaning:** Before first use, wash the trays thoroughly with warm, soapy water. Rinse completely and allow to air dry, or wipe with a dry cloth.

## 3. OPERATION

---

The Cambro Camtray is designed for efficient and reliable service in various settings. Its primary function is to transport food, beverages, and other items.

- **Serving:** Use the tray to carry multiple items simultaneously, such as plates, glasses, or cutlery. The round shape is particularly suitable for pizza and beverage service.
- **Stacking:** Trays can be stacked when not in use for space-efficient storage. The integrated Dri-Stak separators promote air circulation, allowing trays to dry quickly after washing.

- **Durability:** The high-impact fiberglass construction and aluminum reinforced edges ensure the tray withstands demanding environments.

## 4. MAINTENANCE AND CARE

---

Proper care extends the life and maintains the appearance of your Cambro Camtrays.

- **Cleaning:** The Camtray is dishwasher safe. For best results, wash regularly with standard dishwashing detergents. Alternatively, wipe with a dry cloth for light cleaning.
- **Stain Resistance:** The material is designed to be stain, odor, and scratch resistant. For stubborn stains, use a non-abrasive cleaner.
- **Storage:** Store trays in a clean, dry area. Stacking is recommended for efficient storage.

## 5. TROUBLESHOOTING

---

While Cambro Camtrays are built for durability, here are solutions to common concerns:

- **Persistent Stains:** Although resistant, some strong dyes or food items may leave marks. Try a mild abrasive cleaner or a baking soda paste for removal. Avoid harsh chemicals that could damage the finish.
- **Scratches:** The tray is scratch-resistant, but deep scratches can occur from sharp objects. Minor scratches are typically cosmetic and do not affect functionality.
- **Warping/Breakage:** Camtrays are designed to resist breakage. If warping or breakage occurs under normal use, refer to the warranty information.

## 6. SPECIFICATIONS

---

Feature	Detail
Brand	Cambro
Model Number	1100220
Material	Fiberglass
Shape	Round
Color	Citrus Orange
Diameter	11 inches
Item Weight	6.94 pounds (for a case of 12)
Special Features	Dishwasher Safe, Stain/Odor/Scratch Resistant, Dri-Stak Separators
