SentrySafe 1200

SentrySafe 1200 Fire-Resistant Money Safe with Key Lock (0.18 cu. ft.) Instruction Manual

Model: 1200 | Brand: SentrySafe

INTRODUCTION

This instruction manual provides essential information for the proper use and maintenance of your SentrySafe 1200 Fire-Resistant Money Safe. Designed to protect important documents, digital media, and other valuables from fire, this portable lock box offers a secure storage solution. Please read this manual thoroughly before operating your safe.

KEY FEATURES

- **Fire Resistance:** UL classified for fire protection, keeping contents safe for 1/2 hour up to 1550°F (843°C).
- **Digital Media Protection:** ETL verified for fire protection of digital media for 1/2 hour up to 1550°F (843°C).
- **Key Lock Security:** Features a flat key lock to prevent the lid from opening, ensuring privacy and security for your documents. Two keys are included.
- **Portable Design:** Equipped with convenient carrying grips for ease of transportation and portability.
- **Durable Construction:** Made from concrete with a resin body, providing robust protection.
- **Compact Size:** Ideal for storing important documents, passports, birth certificates, social security cards, and small valuables.

1/2 Hour Fire Protection

Privacy Key Lock

Carrying Handle

SETUP

1. **Unpacking:** Carefully remove the SentrySafe 1200 from its packaging. Inspect the safe for any signs of damage.
2. **Locate Keys:** The safe comes with two keys. These keys are typically attached to the handle or inside the safe. Keep one key in a secure, separate location as a backup.
3. **Initial Opening:** Insert one of the provided keys into the keyhole on the front of the safe. Turn the key clockwise to unlock the lid.
4. **Placement:** Choose a discreet and easily accessible location for your safe. While portable, consider a stable surface for storage.

2 Privacy Keys Included

Figure 2: Using the key to unlock the SentrySafe 1200.

OPERATING INSTRUCTIONS

1. **To Open:** Insert the key into the lock and turn it clockwise. Lift the lid to open the safe.
2. **To Close and Lock:** Ensure the contents are properly placed inside and the lid can close completely. Lower the lid firmly. Insert the key into the lock and turn it counter-clockwise to secure the safe. Remove the key.
3. **Transporting:** Utilize the integrated carrying handle for easy and secure transport of the safe.

Portable & Discreet Fire Protection For Your Valuables

Figure 3: The SentrySafe 1200 is designed to be portable and discreet for fire protection.

MAINTENANCE

- **Cleaning:** Wipe the exterior of the safe with a soft, damp cloth. Avoid abrasive cleaners or solvents.
- **Key Care:** Keep keys clean and dry. Do not force the key if it feels stiff; apply a small amount of graphite lubricant if necessary.
- **Storage Environment:** Store the safe in a dry place to prevent moisture buildup, although the product is not water-resistant.

TROUBLESHOOTING

- **Key Lost:** If both keys are lost, contact SentrySafe customer support for assistance. Ensure you have your model and serial number ready.
- **Lid Not Closing Properly:** Check for any obstructions inside the safe that might be preventing the lid from closing completely. Ensure the locking mechanism is clear.
