1. OVERVIEW

The ORICO 3.5-inch HDD Protection Box (Model PHX-35-GY) is designed to provide robust protection for your 3.5-inch hard disk drives. This case safeguards your valuable data storage devices from environmental factors such as dust and moisture, as well as physical impacts. Its durable construction and thoughtful design ensure your hard drives remain secure and organized.

2. KEY FEATURES

- Solid Construction:** Manufactured from high-hardness PP material, ensuring durability and resistance to wear.
- Comprehensive Protection:** Features anti-static, dust-proof, and moisture-proof properties to protect the hard drive from environmental damage.
- Shockproof Design:** Equipped with an EVA exterior and built-in reinforced shock-resistant cushions on both sides, providing rigid external protection and flexible internal cushioning to reduce vibration and impact.
- Optimal Compatibility:** Specifically designed for 3.5-inch SATA/IDE hard drives, with internal dimensions of approximately 6.1 x 3.93 x 1.1 inches.
- Efficient Organization:** Includes a dedicated label area for easy identification and classification of stored hard drives.
- Stackable Design:** Features a card slot and groove design, allowing multiple cases to be stacked vertically, creating a stable and organized storage solution that minimizes desktop clutter and maximizes space.
- Secure Closure:** A reliable snap-joint mechanism ensures the case remains securely closed, preventing accidental opening.

Multiple Protection Function

Moistureproof

Antistatic

Dustproof

Figure 2.1: The ORICO HDD Protection Box offers multiple layers of protection, including moisture resistance, anti-static properties, and dust prevention, as indicated by the icons.

3. SETUP AND HARD DRIVE INSTALLATION

Follow these steps to correctly install your 3.5-inch hard drive into the ORICO Protection Box:

1. **Open the Case:** Locate the latch mechanism on the side of the case. Gently apply pressure to release the latch and open the top cover.
2. **Insert Hard Drive:** Carefully place your 3.5-inch SATA or IDE hard drive into the designated slot within the case. Ensure the drive sits snugly within the internal EVA foam cushions. These cushions are designed to absorb shocks and vibrations.
3. **Close the Case:** Align the top cover with the base and press down firmly until you hear a distinct "snap." This indicates that the snap-joint mechanism has engaged, securing the case and its contents.

4. **Verify Closure:** After closing, gently attempt to open the case without releasing the latch to confirm it is securely sealed.

Figure 3.1: The ORICO HDD Protection Box shown open with a 3.5-inch hard drive securely placed within its protective foam lining.

4. OPERATION AND ORGANIZATION

The ORICO HDD Protection Box is designed for both protection and efficient organization of your hard drives.

- **Labeling:** Utilize the integrated label area on the top of the case to write down important information about the stored hard drive, such as its contents, capacity, or last backup date. This facilitates quick identification and efficient data management.
- **Stacking:** The case features a unique groove and card slot design. This allows multiple ORICO HDD Protection Boxes to be stacked vertically, creating a stable and organized storage solution that minimizes desktop clutter and maximizes space.

The notes can be used to quickly find the required hard drive, more convenient

Sticky notes

Groove design

Multiple products can be stacked up

Figure 4.2: The groove design enables stable stacking of multiple protection boxes, optimizing storage space.

Figure 4.3: An example of organized storage, demonstrating how multiple cases can be arranged on a shelf or desk.

5. MAINTENANCE

To ensure the longevity and effectiveness of your ORICO HDD Protection Box, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the exterior of the case with a soft, damp cloth to remove dust and dirt. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.
- **Internal Care:** Periodically inspect the internal EVA foam cushions for any signs of wear or damage. Ensure they remain free of debris that could potentially scratch the hard drive.
- **Storage Conditions:** Store the case in a cool, dry environment away from direct sunlight and extreme temperatures to maintain the integrity of both the case and the enclosed hard drive.

6. TROUBLESHOOTING

If you encounter any issues with your ORICO HDD Protection Box, consider the following:

- **Case Not Closing Securely:**
 - Ensure the hard drive is correctly seated within the internal cushions and not misaligned.
 - Check for any foreign objects obstructing the closure mechanism or the case edges.
 - Apply firm, even pressure when closing until the snap-joint engages.
- **Hard Drive Movement Inside Case:**
 - The internal EVA foam is designed to provide a snug fit. If the drive feels loose, verify it is a standard 3.5-inch HDD.
 - Ensure the foam inserts are properly positioned within the case.

7. SPECIFICATIONS

Attribute	Detail
Model Number	ORICO PHX-35-GY
Product Dimensions (External)	5.04 x 7.01 x 1.15 inches (128 x 178 x 29.2 mm)
Internal Dimensions (Approximate)	6.1 x 3.93 x 1.1 inches (155 x 100 x 28 mm)
Item Weight	3.84 ounces (108.87 grams)
Compatible Devices	3.5-inch SATA/IDE External Hard Drives
Shell Type	PP (Polypropylene) + EVA (Ethylene-vinyl acetate)
Special Features	Heavy Duty Protection, Anti-Static, Shockproof, Dustproof, Moistureproof, Stackable Design, Labeling Area
Color	Black (as per current product variant)
Manufacturer	SHENZHEN ORICO TECHNOLOGIES CO.,LTD

8. WARRANTY AND SUPPORT

8.1. Warranty Information

ORICO products are typically covered by a manufacturer's warranty. Specific warranty terms and conditions, including duration and coverage details, are usually provided with your product packaging or can be found on the official ORICO website. Please retain your proof of purchase for any warranty claims.

8.2. Customer Support

For technical assistance, product inquiries, or support, please visit the official ORICO website or contact their customer service department. Contact details and support resources are generally available on the ORICO brand store page or their main website.

You can visit the ORICO Store for more information:[ORICO Official Store](#)
