# Nanoblock NBM-001 Steam Locomotive Construction Set Instruction Manual

Model: NBM-001

## INTRODUCTION AND OVERVIEW

---

Thank you for choosing the Nanoblock NBM-001 Steam Locomotive construction set. This set allows you to build a detailed miniature steam locomotive model using micro-sized building blocks. This instruction manual provides essential information for assembly, safety, and care of your Nanoblock model.

- **Product Description:** Japanese micro-construction game, approximately 800 pieces, each measuring a few millimeters.
- **Recommended Age:** 12 years and older.
- **Educational Objective:** To build and design.

## SAFETY INFORMATION

---

Please read the following safety information carefully before beginning assembly.

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age. Keep all pieces away from infants and young children.
- **Age Recommendation:** This construction set is recommended for ages 12 and up due to the small size and intricate nature of the pieces.
- **Handling:** Handle small pieces with care to avoid loss or accidental ingestion.

## PACKAGE CONTENTS

---

Verify that all components are present in the box before starting assembly.

- Nanoblock building pieces (approximately 800 pieces)
- Instruction manual booklet

## SETUP: ASSEMBLY INSTRUCTIONS

---

Follow the detailed step-by-step instructions provided in the included instruction booklet to assemble your Nanoblock Steam Locomotive.

1. **Preparation:** Find a well-lit, clean, and flat surface to work on. It is recommended to sort the Nanoblock pieces by color and size before starting.
2. **Follow the Booklet:** Refer to the graphical instructions in the manual. Each step illustrates which pieces to use and where to place them. Pay close attention to the orientation of the blocks.
3. **Precision:** Nanoblocks are very small. Using tweezers (not included) can assist in placing tiny pieces accurately, especially for intricate details.
4. **Layer by Layer:** The model is typically built layer by layer. Ensure each layer is firmly connected before proceeding to the next.
5. **Color Distinction:** Some instructions may use subtle color differences for light and dark grey or clear pieces. Ensure good lighting to distinguish these.

## DISPLAYING YOUR MODEL

---

Once assembled, your Nanoblock Steam Locomotive is a display model.

- **Placement:** Choose a stable, flat surface away from direct sunlight and excessive heat to prevent potential discoloration or warping of the plastic.
- **Handling:** Handle the model carefully, preferably by its base, to avoid dislodging any small pieces.

## MAINTENANCE

---

To keep your Nanoblock model looking its best, occasional cleaning may be required.

- **Dusting:** Use a soft brush or a can of compressed air to gently remove dust from the model.
- **Cleaning:** For more thorough cleaning, carefully wipe the model with a slightly damp cloth. Avoid harsh chemicals or abrasive cleaners.

## TROUBLESHOOTING

---

If you encounter any issues during assembly or with your product, consider the following:

- **Missing Pieces:** Carefully check the packaging and your work area. If pieces are genuinely missing, contact the retailer or Nanoblock customer support.
- **Assembly Difficulty:** Re-examine the instruction booklet for the specific step. Ensure you are using the correct pieces and that they are oriented correctly. Sometimes, a small error in an earlier step can affect later assembly.
- **Loose Connections:** Ensure pieces are pressed firmly together. Nanoblock connections are designed to be

secure.
