nanoblock Eurasian Eagle Owl (Model NBC-059) Instruction Manual

Your guide to assembling and caring for your nanoblock model.

Introduction

Welcome to the world of nanoblock! This manual provides detailed instructions for assembling your nanoblock Eurasian Eagle Owl, model NBC-059. nanoblock sets feature miniature building blocks that allow for intricate and detailed creations. Please read through these instructions carefully before beginning assembly.

Product Overview

Image: nanoblock Eurasian Eagle Owl (NBC-059) product packaging. The image displays the front of the packaging, featuring the nanoblock logo, the model name "Eurasian Eagle Owl," and a clear view of the completed owl model constructed from small brown and white blocks. The packaging also indicates "over 140 pieces."

The nanoblock Eurasian Eagle Owl (NBC-059) set contains over 140 micro-sized building blocks designed to construct a detailed replica of an Eagle Owl. The finished model is intended for display and is suitable for enthusiasts aged 12 and up due to the small size of the components.

Setup and Assembly

Before you begin, ensure you have a clean, well-lit, and flat workspace. Due to the small size of nanoblock pieces, it is recommended to work on a surface where small parts will not easily get lost.

1. Unpacking

- Carefully open the nanoblock packaging.
- Empty all contents onto your workspace. You should find several bags of nanoblocks and a printed instruction sheet.
- Separate the blocks by color or type if desired, to facilitate easier assembly.

2. Following the Instructions

The included instruction sheet provides step-by-step visual guidance for building your Eagle Owl. Each step illustrates which blocks to use and where to place them.

- Begin with the first step shown in the instruction manual.
- Pay close attention to the orientation and color of each block.
- Press blocks firmly together to ensure a secure connection.
- If a step seems unclear, review the previous steps or look ahead to see how the structure develops.
- Some sets include extra pieces. Do not be concerned if you have a few blocks remaining after completing the

model.

3. Tips for Assembly

- Use tweezers for precise placement of very small blocks if needed.
- Work in good lighting to clearly see the details in the instructions and the blocks.
- Take breaks if you feel eye strain or frustration.

Display and Handling

Once assembled, your nanoblock Eagle Owl is a delicate display piece. Handle it with care to prevent accidental disassembly.

- **Display Location:** Place your finished model on a stable, flat surface away from direct sunlight, excessive heat, or high humidity.
- **Handling:** When moving the model, support it from the base to avoid putting stress on individual block connections.
- **Children and Pets:** Keep the assembled model and any spare blocks out of reach of small children and pets, as the small pieces can be a choking hazard.

Maintenance and Care

To keep your nanoblock model looking its best, occasional cleaning may be required.

- **Dusting:** Gently dust the model with a soft, dry brush or a can of compressed air. Avoid using abrasive materials.
- **Deep Cleaning:** If necessary, the model can be carefully wiped with a slightly damp cloth. Do not submerge the model in water or use harsh cleaning chemicals. Ensure the model is completely dry before returning it to display.

Troubleshooting

Missing Pieces

nanoblock sets are manufactured with strict quality control. However, if you believe you are missing a crucial piece:

- Double-check your workspace and the packaging for any overlooked blocks.
- Refer to the nanoblock official website or contact customer support for assistance with replacement parts.

Difficulty with Assembly

- **Review Instructions:** Re-examine the instruction steps carefully, paying attention to block orientation and placement.
- **Check Connections:** Ensure blocks are fully pressed together. Loose connections can cause instability.
- **Take a Break:** Sometimes stepping away and returning with fresh eyes can help identify an error.
