# TRIXIE Anti-Slip Dog Socks Instruction Manual

Model: 4011905195018

## INTRODUCTION

---

The TRIXIE Anti-Slip Dog Socks are designed to provide traction and protection for your dog's paws. Made from a comfortable cotton-lycra blend, these socks feature anti-slip rubber dots on the sole to prevent slipping on smooth surfaces. They also offer protection for minor paw wounds and help safeguard your floors and furniture from scratches.

This manual provides instructions for the proper use, care, and maintenance of your TRIXIE Anti-Slip Dog Socks.

## PRODUCT OVERVIEW

---

**Image:** A pair of TRIXIE Anti-Slip Dog Socks, showing the grey knitted material, red and white stripes, and the white anti-slip rubber dots on the sole.

These socks are crafted from a blend of cotton and lycra, ensuring both comfort and flexibility for your dog. The integrated anti-slip rubber dots are strategically placed on the sole to enhance grip on slippery indoor surfaces such as hardwood, tile, or laminate flooring.

- **Material:** Cotton with Lycra
- **Features:** Slip-proof rubber dots, paw protection, floor protection
- **Color:** Grey Multi
- **Target Species:** Dog

## SETUP AND APPLICATION

Follow these steps to properly fit the anti-slip socks on your dog:

1. **Select Correct Size:** Ensure you have the correct size socks for your dog's paws. The socks should fit snugly but not be too tight, allowing for comfortable movement.
2. **Prepare Paw:** Gently hold your dog's paw.
3. **Apply Sock:** Carefully slide the sock over each paw, ensuring the anti-slip dots are positioned on the bottom of the paw.
4. **Adjust Fit:** Pull the sock up the leg until it sits comfortably, covering the paw and lower leg without restricting circulation.
5. **Observe Dog:** After application, observe your dog's comfort and movement. Initially, some dogs may try to remove the socks. Distract them with praise or treats.

**Image:** A small, fluffy dog comfortably wearing the TRIXIE Anti-Slip Dog Socks while resting on an indoor rug, demonstrating proper fit and use.

**Note:** It is recommended to introduce the socks gradually, allowing your dog to get accustomed to wearing them for short periods before extended use.

## OPERATING AND BENEFITS

The TRIXIE Anti-Slip Dog Socks offer several benefits for your pet and home:

- **Enhanced Traction:** The anti-slip rubber dots provide increased grip on smooth indoor surfaces, reducing the risk of slips and falls, especially for older dogs or those with mobility issues.
- **Paw Protection:** These socks protect your dog's paws from minor abrasions, irritations, and can cover small wounds during healing.
- **Floor and Furniture Protection:** By covering the paws, the socks help prevent scratches on hardwood floors, furniture, and other surfaces.
- **Indoor Use:** Primarily designed for indoor use to maintain hygiene and provide comfort.

**Image:** A small dog sitting upright, wearing the TRIXIE Anti-Slip Dog Socks, showcasing how the socks appear during normal activity.

## MAINTENANCE AND CARE

---

Proper care will extend the life of your TRIXIE Anti-Slip Dog Socks:

- **Cleaning:** Hand wash only. Use mild detergent and cold water.
- **Drying:** Air dry thoroughly. Do not tumble dry or use high heat, as this may damage the rubber dots.
- **Inspection:** Regularly inspect the socks for wear and tear, especially the anti-slip dots. Replace socks if they become damaged or lose their anti-slip properties.

## TROUBLESHOOTING

---

### **Socks keep falling off:**

Ensure the socks are the correct size for your dog. If they are too large, they may slip. If they are too small, they may be uncomfortable and your dog might try to remove them. Check if the elastic at the top is still snug. If the elastic is stretched, the socks may need to be replaced.

### **Dog is uncomfortable or tries to remove socks:**

Introduce the socks gradually. Start with short periods of wear, rewarding your dog with treats and praise. Ensure the socks are not too tight or causing any irritation. If discomfort persists, consult with a veterinarian.

### **Anti-slip dots are worn out:**

The anti-slip dots are crucial for traction. If they are significantly worn, the effectiveness of the socks will be reduced. It is recommended to replace the socks when the dots show signs of significant wear.

## SPECIFICATIONS

---

<b>Brand</b>	TRIXIE
<b>Model Name</b>	Trixie Anti-Slip Dog Socks, XS-S, Grey
<b>Item Model Number</b>	4011905195018
