## 2. PRODUCT OVERVIEW

---

The PLUS 58-437 IS-009NQ Seal Name Cube is a self-inking stamp designed for ease of use and consistent impressions. Its unique square body prevents rolling and assists in precise alignment.

### Key Features:

- **Square Body Design:** Prevents the stamp from rolling when placed on a desk or in a drawer, and keeps the cap secure when removed during use.
- **Straight Impression:** The square shape allows for easy alignment with document grids or ruled lines, ensuring straight and accurate stamping.
- **High Capacity:** Provides approximately 3,000 continuous impressions before needing an ink cartridge replacement.
- **Replaceable Ink Cartridge:** Designed for easy and mess-free ink cartridge replacement, making the stamp reusable and economical.
- **Ink Color:** Vermilion (oil-based pigment ink).

# 転がらない!

四角い形状なので、横に寝かせて保管しても、引き出しの中やデスクの上で転がりません。使用時にはずしたキャップも、転がらずに置いておくことができ便利です。

Image 2.2: The square body prevents the stamp from rolling.

## 3. SETUP

The PLUS 58-437 IS-009NQ Seal Name Cube comes pre-inked and ready for immediate use. No initial setup or assembly is required.

1. Remove the protective cap from the stamp.
2. Place the cap aside. Its square design will prevent it from rolling.

## 4. OPERATING INSTRUCTIONS

Follow these steps to achieve clear and straight impressions:

1. **Positioning:** Hold the stamp firmly. Align the square body of the stamp with the grid lines or ruled sections of your document. This helps ensure a perfectly straight impression.
2. **Stamping:** Press the stamp down firmly and evenly onto the desired surface. Apply consistent pressure to ensure the entire impression surface makes contact.
3. **Release:** Lift the stamp straight up to avoid smudging.
4. **Recap:** After use, replace the protective cap to prevent the ink from drying out.

**Important Note: This product is designed for general stamping purposes and should not be used for official seals or documents requiring legal authentication.**

# まっすぐ押せる!

四角いボディを書類のマス目や罫線に合わせることで簡単に正しい向きで捺印することができます!

Image 4.1: The square body design facilitates straight and accurate stamping.

Image 4.2: The impression surface has a diameter of 9mm.

## 5. MAINTENANCE

---

### Ink Cartridge Replacement:

When the impression starts to fade, it is time to replace the ink cartridge. The PLUS 58-437 IS-009NQ uses a replaceable ink cartridge system for convenience and extended product life.

1. **Identify Cartridge:** The ink cartridge is located inside the stamp body.
2. **Remove Old Cartridge:** Carefully separate the stamp body to access the old cartridge. Gently pull out the used cartridge.
3. **Insert New Cartridge:** Insert a new, compatible PLUS ink cartridge (sold separately) into the designated slot. Ensure it clicks securely into place.
4. **Reassemble:** Reassemble the stamp body.

**Note: Always use genuine PLUS replacement ink cartridges to ensure proper function and ink quality.**

# インクカートリッジ交換式で 繰り返し使える!

■交換の際は**ネームキューブ補充インク(3本セット)**をお求めください。

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Faint or incomplete impressions	Ink cartridge is running low or dry.	Replace the ink cartridge (refer to Section 5).
Smudged impressions	Stamp was not lifted straight up, or moved during impression.	Ensure to press firmly and lift the stamp straight up without lateral movement.
