## 2. INCLUDED COMPONENTS

---

Before assembly, please ensure all parts are present:

- 1 x Perforated Steel Top Shelf
- 10 x Drawer Pull Knobs
- 10 x Drawers (Multicolor Polypropylene)
- 2 x Steel Side Frames
- 4 x Poles
- 4 x Casters (2 with locking capabilities)
- Assembly Hardware (screws, Allen wrench)

## 3. SETUP INSTRUCTIONS

---

Follow these steps to assemble your rolling utility cart:

1. **Attach Casters:** Insert the four casters into the bottom of the two steel side frames. Ensure the two locking casters are placed on the same side for easier access. Tighten securely.
2. **Connect Side Frames with Poles:** Attach the four poles between the two steel side frames. Use the provided screws and Allen wrench to secure them firmly. Ensure the frames are oriented correctly so the drawer slides face inward.
3. **Install Top Shelf:** Place the perforated steel top shelf onto the top of the assembled frame. Secure it with the remaining screws and Allen wrench.
4. **Attach Drawer Knobs:** Screw a pull knob onto the front of each of the 10 drawers.
5. **Insert Drawers:** Slide each drawer into its designated slot on the frame. The drawers are designed to slide in and out smoothly.

## 4. OPERATING INSTRUCTIONS

---

This utility cart is designed for ease of use and mobility.

### 4.1 Using the Drawers

The 10 polypropylene drawers slide smoothly in and out of the chrome frame. They are ideal for storing various items such as papers, documents, craft supplies, and small tools. The multicolor design can assist in categorizing and organizing contents.

## 4.2 Engaging/Disengaging Casters

The cart is equipped with four casters for easy mobility. Two of these casters include a locking mechanism to keep the cart stationary when needed.

- **To Lock:** Press down on the lever located on the locking casters until it clicks into place.
- **To Unlock:** Lift the lever on the locking casters until it releases.

## 5. MAINTENANCE

To ensure the longevity and appearance of your utility cart, follow these maintenance guidelines:

- **Cleaning the Frame:** Wipe the chrome-plated steel frame with a soft, damp cloth. Avoid abrasive cleaners that may scratch the finish.
- **Cleaning the Drawers:** The polypropylene drawers can be easily removed and washed with mild soap and water. Ensure they are completely dry before reinserting them into the frame.
- **Caster Maintenance:** Periodically check the casters for any debris (e.g., hair, lint) that may hinder smooth rolling. Clean as necessary.

## 6. TROUBLESHOOTING

Here are solutions for common issues you might encounter:

- **Cart is Wobbly:** Ensure all screws connecting the poles to the side frames and the top shelf are tightened securely. Over time, screws may loosen and require re-tightening.
- **Drawers Sticking or Not Sliding Smoothly:** Check for any obstructions in the drawer slides. Ensure the drawers are inserted straight and not at an angle. If the drawer pull knobs feel loose, re-tighten them.
- **Drawers Popping Out:** This can occur if drawers are pulled or pushed in at an extreme angle. Always operate drawers by pulling them straight out and pushing them straight back in. Avoid overloading drawers, especially with heavy items, as this can cause them to sag and misalign.
