## Litex TIT52WW5LR

# Litex Titan Collection 52-Inch Ceiling Fan Instruction Manual

Model: TIT52WW5LR | Brand: Litex

## INTRODUCTION

This manual provides comprehensive instructions for the installation, operation, and maintenance of your Litex Titan Collection 52-Inch Ceiling Fan. Please read these instructions carefully before beginning installation to ensure safe and efficient operation. This ceiling fan features a sleek design, reversible blades, an integrated light kit, and remote control functionality for enhanced convenience.

## SAFETY INFORMATION

Always follow basic safety precautions when installing and operating electrical appliances to reduce the risk of fire, electric shock, and personal injury.

- Ensure the power is turned off at the circuit breaker before installation or servicing.
- All wiring must be in accordance with national and local electrical codes.
- Consult a qualified electrician if you are unsure about wiring procedures.
- The fan must be mounted to a ceiling joist or support structure capable of supporting the fan's weight.
- Do not insert objects into the path of the fan blades.
- Use only the replacement bulb type specified: 1 x JDE11 – 100 watt max. halogen bulb.

## PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Ceiling Fan Motor Housing
- Five Reversible Blades (White/Whitewash)
- Light Kit with Opal Glass
- 1 x JDE11 – 100 watt max. Halogen Bulb
- Remote Control
- 6-Inch Down-Rod
- Mounting Hardware
- Instruction Manual

## SETUP AND INSTALLATION

The Litex Titan ceiling fan is designed for down-rod mounting only. It includes a 6-inch down-rod and can accommodate a ceiling slope up to 30 degrees. Professional installation is recommended for optimal safety and performance.

- 1. Prepare the Mounting Location:** Ensure the electrical box is securely fastened to the building structure and can support the fan's weight. Turn off power at the circuit breaker.
- 2. Assemble the Down-Rod:** Attach the 6-inch down-rod to the fan motor housing according to the detailed instructions provided in the included manual.
- 3. Mount the Fan:** Secure the fan assembly to the ceiling mounting bracket. Ensure all connections are tight and secure.
- 4. Install Blades:** Attach the five reversible blades to the fan. You can choose between the white or whitewash side to match your decor.
- 5. Install Light Kit:** Connect the light kit to the fan motor housing. Insert the included 1 x JDE11 – 100 watt max. halogen bulb into the socket, then secure the opal glass shade.
- 6. Wiring:** Complete all electrical wiring connections as per the wiring diagram in the full instruction manual. Ensure proper grounding.
- 7. Remote Control Setup:** Install the required 9V battery (not included) into the remote control. Follow the pairing instructions in the full manual to synchronize the remote with the fan.
- 8. Optional Smart Home Integration:** To work with Alexa, a Bond hub (sold separately) is required. Refer to the Bond hub's instructions for integration.

## OPERATING INSTRUCTIONS

Your Litex Titan ceiling fan is operated via the included remote control, offering convenience and versatile control over airflow and lighting.

- Fan Speed Control:** The remote control allows you to select from 3 fan speeds (low, medium, high) to adjust airflow to your comfort level.

- **Light Control:** The remote features full-range light dimming. Press the light button to turn the light on/off, and hold the button to dim or brighten the light.
- **Reversible Airflow:** The fan includes a reversible airflow feature. A switch located on the outside of the fan's housing allows you to change the direction of blade rotation.
  - **Downward Airflow (Summer Mode):** Blades rotate counter-clockwise, creating a cooling breeze.
  - **Upward Airflow (Winter Mode):** Blades rotate clockwise, circulating warm air trapped near the ceiling throughout the room, helping to save energy.

<b>ENERGY INFORMATION</b> at High Speed		
Airflow <b>5032.68</b> Cubic Feet Per Minute	Electricity Use <b>62.6</b> Watts (excludes lights)	Airflow Efficiency <b>144.74</b> Cubic Feet Per Minute Per Watt
Compare: 49" to 60" ceiling fans have airflow efficiencies ranging from approximately 51 to 176 cubic feet per minute per watt at high speed.		
<b>Money-Saving Tip:</b> Turn off fan when leaving room		

Image: Energy Information Label. This label provides details on the fan's energy consumption and airflow efficiency at high speed, indicating 5032.68 Cubic Feet Per Minute airflow and 62.6 Watts electricity use (excluding lights).

## MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your ceiling fan.

- **Cleaning:** To clean the fan, wipe with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure power is off before cleaning.
- **Blade Cleaning:** Dust the fan blades regularly to prevent dust buildup, which can affect balance and airflow.
- **Bulb Replacement:** When replacing the light bulb, ensure the power is off. Use only a JDE11 – 100 watt max. halogen bulb. Allow the old bulb to cool before removal.
- **Tighten Screws:** Periodically check and tighten all screws on the fan assembly to ensure secure operation.

## TROUBLESHOOTING

---

If you experience issues with your Litex Titan ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power; loose wiring; remote not paired.	Check circuit breaker; verify all wiring connections; re-pair remote control.
Fan is noisy	Loose screws; unbalanced blades; motor issue.	Tighten all screws; ensure blades are securely attached and balanced (balancing kit may be needed); if noise persists, contact customer service.
Light does not work	Bulb burnt out; loose wiring; remote issue.	Replace bulb; check light kit wiring; ensure remote battery is good and remote is paired.
Glass shade falls off	Insecure attachment; vibration.	Ensure the glass shade is securely seated in its grooves. For added security, consider applying clear tape around the edge of the shade where it meets the fixture to prevent dislodgement due to vibration.

For issues not listed or if solutions do not resolve the problem, please contact Litex customer service.

## SPECIFICATIONS

---

<b>Brand</b>	Litex
<b>Model Name</b>	Litex Titan Collection
<b>Item Model Number</b>	TIT52WW5LR
