TRINITY TXK-1701

TRINITY TXK-1701 Rolling Storage Bin Rack & Parts Organizer Instruction Manual

Model: TXK-1701

INTRODUCTION

Thank you for choosing the TRINITY TXK-1701 Rolling Storage Bin Rack & Parts Organizer. This versatile, dual-sided mobile bin rack is designed to provide efficient and accessible storage for various items in your home, garage, or workshop. With 94 color-coded bins, it simplifies organization and retrieval of small parts, tools, and hardware. This manual provides essential information for safe assembly, operation, and maintenance of your new storage solution.

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product. Keep this manual for future reference.

- Do not exceed the maximum weight capacity of 330 lbs for the entire unit.
- Each orange bin has a maximum capacity of 2 lbs.
- Each gray bin has a maximum capacity of 4 lbs.
- Ensure all components are securely fastened before use.
- Use on a level surface to prevent tipping.
- Engage locking wheels when the unit is stationary to prevent unintended movement.
- Keep children and pets away from the assembly area.
- This product is intended for indoor use only.

PACKAGE CONTENTS

Verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact TRINITY customer support.

- 1 x Bin Rack Frame
- 64 x Orange Plastic Bins
- 30 x Gray Plastic Bins
- 4 x Wheels (2 locking, 2 non-locking)
- Hardware Kit (bolts, washers, etc.)

- 1 x Bottom Shelf
- 1 x Top Shelf
- 2 x Posts
- 4 x Post Supports
- 7 x Hanging Bars
- 1 x Hanging Bar Support

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the TRINITY TXK-1701 bin rack is designed to be straightforward and typically requires no tools, completing in approximately 20 minutes. Follow these steps carefully.

Assembly Overview Video

Video: An official assembly overview of the TRINITY Dual-Sided Rolling Bin Rack, demonstrating the step-by-step process.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Refer to the 'Package Contents' section to ensure all items are present.
2. **Attach Wheels:** Secure the four wheels to the bottom shelf. Ensure the two locking wheels are positioned on the same side for easy access.

3. **Install Posts:** Insert the two vertical posts into the designated slots on the bottom shelf.
4. **Add Post Supports:** Attach the four post supports to stabilize the vertical posts.
5. **Mount Hanging Bars:** Slide the seven hanging bars into the slots on the vertical posts. These bars will hold the storage bins.
6. **Secure Top Shelf:** Place the top shelf onto the vertical posts and secure it using the provided hardware.
7. **Organize Bins:** Hang the 64 orange bins and 30 gray bins onto the hanging bars. The bins are color-coded for easy organization.

OPERATING INSTRUCTIONS

The TRINITY TXK-1701 bin rack is designed for ease of use and mobility. Its dual-sided configuration allows for maximum storage and convenient access to your items.

- **Loading Bins:** Place items into the color-coded bins. The orange bins are suitable for smaller, lighter items (up to 2 lbs), while the gray bins accommodate larger, heavier items (up to 4 lbs).
- **Accessing Items:** The dual-sided design allows you to access bins from either side of the rack. Simply rotate the unit to reach the desired side.
- **Mobility:** To move the bin rack, unlock the two locking wheels. Guide the unit to your desired location. Once positioned, engage the locking wheels to secure the rack in place.

- **Top Shelf Use:** The top shelf can be used for additional storage or as a temporary workspace for projects.

MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your TRINITY bin rack.

- **Cleaning:** Wipe down the metal frame and plastic bins with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish or plastic.
- **Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary.
- **Wheel Care:** Keep the wheels free of debris to ensure smooth movement. Lubricate wheel axles if they become stiff.
- **Bin Condition:** Inspect bins for cracks or damage. Replace any compromised bins to maintain storage integrity.

TROUBLESHOOTING

If you encounter issues with your bin rack, refer to the following common problems and solutions.

- **Unit is unstable/wobbly:**

- Ensure all bolts and connections are securely tightened.
- Verify the unit is on a level surface.
- **Wheels do not roll smoothly:**
 - Check for debris (e.g., hair, string) caught in the wheel casters and remove it.
 - Apply a small amount of lubricant to the wheel axles.
- **Bins fall off the rack:**
 - Ensure bins are correctly seated on the hanging bars.
 - Do not exceed the individual weight capacity for each bin (2 lbs for orange, 4 lbs for gray).
