## PRODUCT FEATURES

- **Pivoting Head:** Allows for directional light adjustment.
- **Multiple Light Modes:** Features 9 distinct light modes for various applications.
- **Comfortable Head Strap:** Designed for extended wear.
- **Durable Construction:** Built to withstand outdoor conditions.
- **Rear Safety Light:** Integrated red safety light on the battery pack for enhanced visibility.

## PACKAGE CONTENTS

---

Verify that all items are present in the package:

- Rayovac Sportsman 22 Lumen 3AAA 5-LED Headlight
- 3 x AAA Alkaline Batteries (pre-installed or separate)
- Instruction Manual (this document)

## SETUP

---

### Battery Installation

1. Locate the battery compartment on the rear of the head strap.
2. Open the battery compartment cover by gently pressing the latch and lifting.
3. Insert three (3) AAA alkaline batteries, ensuring correct polarity (+/-) as indicated inside the compartment.
4. Close the battery compartment cover securely until the latch clicks into place.

### Adjusting the Head Strap

Adjust the elastic head strap to ensure a comfortable and secure fit on your head. The strap should be snug but not overly tight.

## OPERATING INSTRUCTIONS

---

### Power On/Off and Mode Selection

The headlight features a single power button, typically located on the top of the main light unit. Pressing this button cycles through the various light modes.

- **100% Brightness (Maximum):** First press.
- **50% Brightness (Optimum):** Second press.
- **Main Beam Strobe:** Third press.
- **Red LED:** Fourth press.
- **Red LED Strobe:** Fifth press.
- **Blue LED:** Sixth press.
- **Green LED:** Seventh press.
- **Red Safety Light (Rear Battery Pack):** Eighth press.
- **Red Emergency Strobe (Rear Battery Pack):** Ninth press.
- **Power Off:** Tenth press, or hold the button down for approximately 2 seconds in any mode to turn off the headlight.

### Pivoting Head Adjustment

The main light unit can be tilted up or down to direct the light beam precisely where needed. Gently pivot the light unit to the desired angle.

## MAINTENANCE

---

### Cleaning

Wipe the headlight with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure the battery compartment is

dry before closing.

Battery Care

- Always use fresh, high-quality AAA alkaline batteries.
- Remove batteries if the headlight will not be used for an extended period to prevent leakage.
- Dispose of used batteries according to local regulations.

TROUBLESHOOTING

| Problem                                         | Possible Cause                           | Solution                                                    |
|-------------------------------------------------|------------------------------------------|-------------------------------------------------------------|
| Headlight does not turn on.                     | Dead or incorrectly installed batteries. | Replace batteries with new ones, ensuring correct polarity. |
