CAC China REC-51

CAC China REC-51 Rolled Edge Stoneware Oval Platter

Model: REC-51 | Brand: CAC China

PRODUCT OVERVIEW

The CAC China REC-51 Rolled Edge Oval Platter is a durable stoneware piece designed for the foodservice and hospitality industry. This platter features a classic American White, Off White, or Creamy White finish and a rolled edge for enhanced durability and aesthetic appeal. It is engineered to be break-resistant, chip-resistant, and scratch-resistant under normal use, making it suitable for demanding commercial environments.

Key features include:

- **Oval Design:** Ideal for serving various dishes, including fish and other entrees.
- **Stoneware Construction:** Provides robust durability.
- **Versatile Color:** American White, Off White, Creamy White finish complements any table setting.
- **High Durability:** Designed to be break-resistant, chip-resistant, and scratch-resistant with normal use.
- **Convenient Use:** Oven, microwave, and dishwasher safe for ease of use and cleaning.

SETUP

Before first use, wash the platter thoroughly with warm, soapy water. Rinse completely and dry with a soft cloth. This removes any manufacturing residues and prepares the surface for food contact.

OPERATING INSTRUCTIONS

The CAC China REC-51 Oval Platter is designed for serving a variety of culinary creations. Its generous size and oval shape make it particularly suitable for presenting larger items such as roasted meats, fish, or an assortment of appetizers.

- **Food Presentation:** Arrange food items aesthetically on the platter. The rolled edge helps contain sauces and prevents items from sliding off.
- **Oven Use:** This platter is oven safe. When using in an oven, avoid sudden temperature changes, such as placing a cold platter directly into a hot oven or vice versa, as this may cause thermal shock and damage. Allow the platter to cool gradually after removal from the oven.
- **Microwave Use:** The platter is microwave safe. Ensure there are no metallic elements on or near the platter when microwaving.

MAINTENANCE

Proper care and maintenance will extend the life and preserve the appearance of your CAC China REC-51 Oval Platter.

- **Dishwasher Safe:** The platter is dishwasher safe. For best results, place it securely in the dishwasher rack to prevent shifting during the wash cycle.
- **Hand Washing:** If hand washing, use a soft sponge or cloth with mild dish soap. Avoid abrasive cleaners, scouring

- pads, or harsh chemicals that could scratch the surface or dull the finish.
- **Stain Removal:** For stubborn food stains, a non-abrasive ceramic cleaner or a paste of baking soda and water can be used. Apply, let sit for a few minutes, then gently scrub and rinse.
 - **Storage:** Store platters carefully to prevent chipping or scratching. Stacking with protective layers (e.g., felt pads or paper towels) between each platter is recommended, especially for commercial use.

TROUBLESHOOTING

While CAC China platters are designed for durability, occasional issues may arise. Here are some common concerns and general advice:

- **Chipping or Breakage:** Stoneware, while durable, can chip or break if subjected to severe impact or thermal shock. Avoid dropping the platter or exposing it to rapid temperature changes. Handle with care during washing, serving, and storage.
- **Stains:** Certain foods or prolonged contact with highly pigmented liquids may cause temporary staining. Refer to the 'Stain Removal' tip in the Maintenance section.
- **Scratches:** While scratch-resistant, excessive force from metal utensils or abrasive cleaning materials can cause scratches. Use appropriate serving utensils and cleaning methods.

If you encounter persistent issues not covered here, please contact your supplier or CAC China customer service for further assistance.

SPECIFICATIONS

Feature	Detail
Brand	CAC China
Model Number	REC-51
Material	Stoneware
Color	American White; Off White; Creamy White
Shape	Oval
Size	15-1/2 by 10-Inch
